PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects and proposed projects for
15 time capture, payroll and payment processes, and eligibility and
16 authorization systems within the department of social and health
17 services are subject to technical oversight by the office of the
18 chief information officer.

19 (6)(a) The department shall facilitate enrollment under the
20 medicaid expansion for clients applying for or receiving state funded

The amount of non-medicaid funding transferred from sections 204 and 208 may not exceed the amount that would have been contracted with a behavioral health organization if the county authorities had not requested to become an early adopter of fully integrated purchasing. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

39 (i) Thirty-seven and one-half percent for the at-risk population of
40 youth ten to seventeen years old; (ii) fifteen percent for moderate

1 and high-risk youth; (iii) twenty-five percent for evidence-based

38 the changes will increase statewide service delivery or effectiveness
39 of evidence-based program or disposition alternative resulting in
40 increased cost benefit savings to the state. Long-term cost benefit

1 must be considered. Percentage changes may occur in the evidence-
2 based program or disposition alternative categories of the formula
3 should it be determined the changes will increase evidence-based
4 program or disposition alternative delivery and increase the cost
5 benefit to the state. These outcomes will also be considered in
6 determining when evidence-based expansion or special sex offender
7 disposition alternative funds should be included in the block grant
8 or left separate.

9 (c) The juvenile courts and administrative office of the courts
10 shall be responsible for collecting and distributing information and
11 providing access to the data systems to the juvenile rehabilitation
12 administration and the Washington state institute for public policy
13 related to program and outcome data. The juvenile rehabilitation
14 administration and the juvenile courts will work collaboratively to
15 develop program outcomes that reinforce the greatest cost benefit to
16 the state in the implementation of evidence-based practices and

21 rehabilitation administration and Washington state institute for
22 public policy. The agreements between administrative office of the

27 this subsection. This includes, but is not limited to, information by
28 program at the statewide aggregate level, individual court level, and
29 individual client level for the purpose of the juvenile
30 rehabilitation administration providing quality assurance and
31 oversight for the locally committed youth block grant and associated
32 funds and at times as specified by the juvenile rehabilitation
33 administration as necessary to carry out these functions. The data
34 shall be provided in a manner that reflects the collaborative work
35 the juvenile rehabilitation administration and juvenile courts have
36 developed regarding program outcomes that reinforce the greatest cost
37 benefit to the state in the implementation of evidence-based
38 practices and disposition alternatives.

39 (8) \$445,000 of the general fund—state appropriation for fiscal
40 year 2016 and \$445,000 of the general fund—state appropriation for

12 costs in fiscal year 2014, that are incurred in order to meet
13 statutory obligations to provide individualized mental health
14 treatment in appropriate settings to individuals who are detained or
15 committed under the involuntary treatment act. Prior to distributing
16 funds to a regional support network requesting reimbursement for
17 costs relative to increased utilization, the department must receive
18 adequate documentation of such increased utilization and costs.
19 Regional support networks receiving funds for community hospitals or
20 evaluation and treatment center beds under (p) of this subsection are
21 only eligible for reimbursement that exceeds the total of their

9 These amounts includes a reduction of \$4,715,000 for fiscal year 2016
10 and \$4,715,000 for fiscal year 2017 associated with a funding shift
11 that allows for increased federal participation for community
12 inpatient stays that were previously ineligible for federal matching
13 funds. This reduction will be distributed to regional support
14 networks based on the same proportions that were added to regional
15 support network capitation ranges specific to the waiver that allowed
16 for federal funds to be used for community inpatient stays that were
17 previously ineligible for federal matching funds. The department must
18 allow regional support networks to use medicaid capitation payments
19 to provide services to medicaid enrollees that are in addition to

21 established under federal regulations governing medicaid managed care
22 contracts and subject to federal approval by the center for medicaid
23 and medicare services.

24 (f) \$6,590,000 of the general fund—state appropriation for fiscal
25 year 2016, \$6,590,000 of the general fund—state appropriation for
26 fiscal year 2017, and \$7,620,000 of the general fund—federal
27 appropriation are provided solely for the department and regional
28 support networks to continue to contract for implementation of high-
29 intensity programs for assertive community treatment (PACT) teams. In
30 determining the proportion of medicaid and nonmedicaid funding
31 provided to regional support networks with PACT teams, the department
32 shall consider the differences between regional support networks in
33 the percentages of services and other costs associated with the teams
34 that are not reimbursable under medicaid. The department may allow
35 regional support networks which have nonmedicaid reimbursable costs
36 that are higher than the nonmedicaid allocation they receive under
37 this section to supplement these funds with local dollars or funds
38 received under section 204(1)(e) of this act. The department and
39 regional support networks shall maintain consistency with all

1 essential elements of the PACT evidence-based practice model in
2 programs funded under this section.

3 (g) The number of nonforensic beds allocated for use by regional
4 support networks at eastern state hospital shall be 192 per day. The
5 number of nonforensic beds allocated for use by regional support
6 networks at western state hospital shall be 587 per day.

7 (h) From the general fund—state appropriations in this
8 subsection, the secretary of social and health services shall assure
9 that regional support networks reimburse the aging and disability
10 services administration for the general fund—state cost of medicaid
11 personal care services that enrolled regional support network
12 consumers use because of their psychiatric disability.

13 (i) The department is authorized to continue to contract
14 directly, rather than through contracts with regional support
15 networks, for children's long-term inpatient facility services.

16 (j) \$750,000 of the general fund—state appropriation for fiscal
17 year 2016 and \$750,000 of the general fund—state appropriation for
18 fiscal year 2017 are provided solely to continue performance-based
19 incentive contracts to provide appropriate community support services
20 for individuals with severe mental illness who were discharged from
21 the state hospitals as part of the expanding community services
22 initiative. These funds will be used to enhance community residential
23 and support services provided by regional support networks through
24 other state and federal funding.

25 (k) \$1,125,000 of the general fund—state appropriation for fiscal
26 year 2016 and \$1,125,000 of the general fund—state appropriation for
27 fiscal year 2017 are provided solely for the Spokane regional support
28 network to implement services to reduce utilization and the census at
29 eastern state hospital. Such services shall include:

30 (i) High intensity treatment team for persons who are high
31 utilizers of psychiatric inpatient services, including those with co-
32 occurring disorders and other special needs;

33 (ii) Crisis outreach and diversion services to stabilize in the
34 community individuals in crisis who are at risk of requiring
35 inpatient care or jail services;

36 (iii) Mental health services provided in nursing facilities to
37 individuals with dementia, and consultation to facility staff
38 treating those individuals; and

1 (iv) Services at the sixteen-bed evaluation and treatment
2 facility.

3 At least annually, the Spokane regional support network shall
4 assess the effectiveness of these services in reducing utilization at
5 eastern state hospital, identify services that are not optimally
6 effective, and modify those services to improve their effectiveness.

7 (l) \$1,204,000 of the general fund—state appropriation for fiscal
8 year 2016 and \$1,204,000 of the general fund—state appropriation for
9 fiscal year 2017 are provided solely to reimburse Pierce and Spokane
10 counties for the cost of conducting 180-day commitment hearings at
11 the state psychiatric hospitals.

12 (m) Regional support networks may use local funds to earn
13 additional federal medicaid match, provided the locally matched rate
14 does not exceed the upper-bound of their federally allowable rate
15 range, and provided that the enhanced funding is used only to provide
16 medicaid state plan or waiver services to medicaid clients.
17 Additionally, regional support networks may use a portion of the
18 state funds allocated in accordance with (e) of this subsection to
19 earn additional medicaid match, but only to the extent that the
20 application of such funds to medicaid services does not diminish the
21 level of crisis and commitment, community inpatient, residential
22 care, and outpatient services presently available to persons not
23 eligible for medicaid.

24 (n) \$2,291,000 of the general fund—state appropriation for fiscal
25 year 2016 and \$2,291,000 of the general fund—state appropriation for
26 fiscal year 2017 are provided solely for mental health services for
27 mentally ill offenders while confined in a county or city jail and
28 for facilitating access to programs that offer mental health services
29 upon release from confinement.

30 (o) Within the amounts appropriated in this section, funding is
31 provided for the department to develop and phase in intensive mental
32 health services for high needs youth consistent with the settlement
33 agreement in *T.R. v. Dreyfus and Porter*.

34 (p) \$11,405,000 of the general fund—state appropriation for
35 fiscal year 2016, \$11,405,000 of the general fund—state appropriation
36 for fiscal year 2017, and \$17,680,000 of the general fund—federal
37 appropriation are provided solely for enhancement of community mental
38 health services. The department must contract these funds for the
39 operation of community programs in which the department determines

1 there is a need for capacity that allows individuals to be diverted
2 or transitioned from the state hospitals including but not limited
3 to: (i) Community hospital or free standing evaluation and treatment
4 services providing short-term detention and commitment services under
5 the involuntary treatment act to be located in the geographic areas
6 of the King regional support network, the Spokane regional support
7 network outside of Spokane county, and the Thurston Mason regional
8 support network; (ii) one new full program of an assertive community
9 treatment team in the King regional support network and two new half
10 programs of assertive community treatment teams in the Spokane
11 regional support network and the Pierce regional support network; and
12 (iii) three new recovery support services programs in the Grays
13 Harbor regional support network, the greater Columbia regional
14 support network, and the north sound regional support network. In
15 contracting for community evaluation and treatment services, the
16 department may not use these resources in facilities that meet the
17 criteria to be classified under federal law as institutions for
18 mental diseases. If the department is unable to come to a contract
19 agreement with a designated regional support network for any of the
20 services identified above, it may consider contracting for that
21 service in another regional support network that has the need for
22 such service.

23 (q) The appropriations in this section include a reduction of
24 \$16,462,000 in general fund—state and \$16,468,000 of general fund—
25 federal expenditure authority. This reduction must be achieved by
26 reducing regional support network medicaid rates for disabled adults,
27 nondisabled adults, disabled children, and nondisabled children. No
28 regional support network rate may be lowered below the low end of the
29 rate range that is certified as actuarially sound. The department
30 must work to develop updated minimum and maximum reserve levels that
31 reflect the changes in the number of medicaid eligible individuals
32 since reserve levels were originally set as well as the integration
33 of substance use disorder services into managed care contracts funded
34 within the amounts appropriated in this section. The department must
35 submit a report to the office of financial management and the
36 appropriate fiscal committees of the legislature by December 1, 2015,
37 that includes the revised minimum and maximum reserve levels for
38 medicaid and nonmedicaid behavioral health organization contracts.

(r) \$1,394,000 of the general fund—state appropriation for fiscal year 2016, \$1,394,000 of the general fund—state appropriation for fiscal year 2017, and \$2,020,000 of the general fund—federal appropriation are provided solely for implementation of chapter 7, Laws of 2015 1st sp. sess. (2E2SSB 5177) (timeliness of competency evaluation and restoration services). Regional support networks must use the amounts for outpatient mental health treatment costs associated with implementation of the bill.

24 The study must assess and analyze how psychiatrists at the hospitals
25 provide clinical services to patients, including use of their time
26 and the nature of the clinical activities they perform. The analyses

28 staffing needs so that psychiatrists are able to provide quality
29 services while meeting appropriate national and state hospital
30 accreditation standards.

31 (ii) The study must examine the applicability of alternative

9 70.128.060 in any case in which the department determines that an
10 adult family home is being relicensed because of exceptional
11 circumstances, such as death or incapacity of a provider, and that to
12 require the full payment of the licensing and processing fees would
13 present a hardship to the applicant. In these situations the
14 department is also granted the authority to waive the required
15 residential administrator training for a period of 120 days if
16 necessary to ensure continuity of care during the relicensing
17 process.

3 prior to December 1, 2016, then for each client, during the period
4 before and after leaving the congregate setting, the report must
5 describe the hours of service, hours worked, hourly wage, monthly

31 stabilization of the child, and the ability to partner with the state
32 in the development of an individualized service plan that allows the
33 child to remain in his or her family home. The department must
34 provide the legislature with a respite utilization report by January
35 2, 2016, and each year thereafter that provides information about the
36 number of children who have used enhanced respite in the preceding

20 of this subsection, the rate add-ons for direct care, support

11	TOTAL APPROPRIATION.	\$16,251,776,000

12 The appropriations in this section are subject to the following
13 conditions and limitations:

14 (a) Sufficient amounts are appropriated in this subsection to
15 implement the medicaid expansion as defined in the social security
16 act, section 1902(a)(10)(A)(i)(VIII).

17 (b) The legislature finds that medicaid payment rates, as
18 calculated by the health care authority pursuant to the
19 appropriations in this act, bear a reasonable relationship to the
20 costs incurred by efficiently and economically operated facilities
21 for providing quality services and will be sufficient to enlist
22 enough providers so that care and services are available to the
23 extent that such care and services are available to the general
24 population in the geographic area. The legislature finds that the
25 cost reports, payment data from the federal government, historical
26 utilization, economic data, and clinical input constitute reliable
27 data upon which to determine the payment rates.

28 (c) Based on quarterly expenditure reports and caseload
29 forecasts, if the health care authority estimates that expenditures
30 for the medical assistance program will exceed the appropriations,
31 the health care authority shall take steps including but not limited
32 to reduction of rates or elimination of optional services to reduce
33 expenditures so that total program costs do not exceed the annual
34 appropriation authority.

35 (d) In determining financial eligibility for medicaid-funded
36 services, the health care authority is authorized to disregard
37 recoveries by Holocaust survivors of insurance proceeds or other
38 assets, as defined in RCW 48.104.030.

1 (e) The legislature affirms that it is in the state's interest
2 for Harborview medical center to remain an economically viable
3 component of the state's health care system.

4 (f) When a person is ineligible for medicaid solely by reason of
5 residence in an institution for mental diseases, the health care
6 authority shall provide the person with the same benefits as he or
7 she would receive if eligible for medicaid, using state-only funds to
8 the extent necessary.

9 (g) \$4,261,000 of the general fund—state appropriation for fiscal
10 year 2016, \$4,261,000 of the general fund—state appropriation for
11 fiscal year 2017, and \$8,522,000 of the general fund—federal
12 appropriation are provided solely for low-income disproportionate
13 share hospital payments.

14 (h) Within the amounts appropriated in this section, the health
15 care authority shall provide disproportionate share hospital payments
16 to hospitals that provide services to children in the children's
17 health program who are not eligible for services under Title XIX or
18 XXI of the federal social security act due to their citizenship
19 status.

20 (i) \$6,000,000 of the general fund—federal appropriation is
21 provided solely for supplemental payments to nursing homes operated
22 by public hospital districts. The public hospital district shall be
23 responsible for providing the required nonfederal match for the
24 supplemental payment, and the payments shall not exceed the maximum
25 allowable under federal rules. It is the legislature's intent that
26 the payments shall be supplemental to and shall not in any way offset
27 or reduce the payments calculated and provided in accordance with
28 part E of chapter 74.46 RCW. It is the legislature's further intent
29 that costs otherwise allowable for rate-setting and settlement
30 against payments under chapter 74.46 RCW shall not be disallowed
31 solely because such costs have been paid by revenues retained by the
32 nursing home from these supplemental payments. The supplemental
33 payments are subject to retrospective interim and final cost
34 settlements based on the nursing homes' as-filed and final medicare
35 cost reports. The timing of the interim and final cost settlements
36 shall be at the health care authority's discretion. During either the
37 interim cost settlement or the final cost settlement, the health care
38 authority shall recoup from the public hospital districts the
39 supplemental payments that exceed the medicaid cost limit and/or the

1 medicare upper payment limit. The health care authority shall apply
2 federal rules for identifying the eligible incurred medicaid costs
3 and the medicare upper payment limit.

4 (j) The health care authority shall continue the inpatient
5 hospital certified public expenditures program for the 2015-2017
6 fiscal biennium. The program shall apply to all public hospitals,
7 including those owned or operated by the state, except those
8 classified as critical access hospitals or state psychiatric
9 institutions. The health care authority shall submit reports to the
10 governor and legislature by November 1, 2015, and by November 1,
11 2016, that evaluate whether savings continue to exceed costs for this
12 program. If the certified public expenditures (CPE) program in its
13 current form is no longer cost-effective to maintain, the health care
14 authority shall submit a report to the governor and legislature
15 detailing cost-effective alternative uses of local, state, and
16 federal resources as a replacement for this program. During fiscal
17 year 2016 and fiscal year 2017, hospitals in the program shall be
18 paid and shall retain one hundred percent of the federal portion of
19 the allowable hospital cost for each medicaid inpatient fee-for-
20 service claim payable by medical assistance and one hundred percent
21 of the federal portion of the maximum disproportionate share hospital
22 payment allowable under federal regulations. Inpatient medicaid
23 payments shall be established using an allowable methodology that
24 approximates the cost of claims submitted by the hospitals. Payments
25 made to each hospital in the program in each fiscal year of the
26 biennium shall be compared to a baseline amount. The baseline amount
27 will be determined by the total of (a) the inpatient claim payment
28 amounts that would have been paid during the fiscal year had the
29 hospital not been in the CPE program based on the reimbursement rates
30 developed, implemented, and consistent with policies approved in the
31 2015-2017 biennial operating appropriations act and in effect on July
32 1, 2015, (b) one-half of the indigent assistance disproportionate
33 share hospital payment amounts paid to and retained by each hospital
34 during fiscal year 2005, and (c) all of the other disproportionate
35 share hospital payment amounts paid to and retained by each hospital
36 during fiscal year 2005 to the extent the same disproportionate share
37 hospital programs exist in the 2015-2017 fiscal biennium. If payments
38 during the fiscal year exceed the hospital's baseline amount, no
39 additional payments will be made to the hospital except the federal
40 portion of allowable disproportionate share hospital payments for

1 which the hospital can certify allowable match. If payments during
2 the fiscal year are less than the baseline amount, the hospital will
3 be paid a state grant equal to the difference between payments during
4 the fiscal year and the applicable baseline amount. Payment of the
5 state grant shall be made in the applicable fiscal year and
6 distributed in monthly payments. The grants will be recalculated and
7 redistributed as the baseline is updated during the fiscal year. The
8 grant payments are subject to an interim settlement within eleven
9 months after the end of the fiscal year. A final settlement shall be
10 performed. To the extent that either settlement determines that a
11 hospital has received funds in excess of what it would have received
12 as described in this subsection, the hospital must repay the excess
13 amounts to the state when requested. \$16,664,000 of the general fund—
14 state appropriation for fiscal year 2016 and \$8,170,000 of the
15 general fund—state appropriation for fiscal year 2017 are provided
16 solely for state grants for the participating hospitals.

18 partnerships and federal funds that are or may become available to
19 provide on-going support for outreach and education efforts under the
20 federal children's health insurance program reauthorization act of
21 2009.

22 (l) The health care authority shall target funding for maternity
23 support services towards pregnant women with factors that lead to
24 higher rates of poor birth outcomes, including hypertension, a
25 preterm or low birth weight birth in the most recent previous birth,
26 a cognitive deficit or developmental disability, substance abuse,
27 severe mental illness, unhealthy weight or failure to gain weight,
28 tobacco use, or African American or Native American race. The health
29 care authority shall prioritize evidence-based practices for delivery
30 of maternity support services. To the extent practicable, the health
31 care authority shall develop a mechanism to increase federal funding
32 for maternity support services by leveraging local public funding for
33 those services.

34 (m) Within the amounts appropriated in this section, the
35 authority shall identify strategies to improve patient adherence to
36 treatment plans for diabetes and implement these strategies as a
37 pilot through one health home program to be identified by the
38 authority. The authority shall report to the governor and legislature
39 in December 2015 on patient outcomes and cost savings derived from

1 new adherence strategies in the health home model and make
2 recommendations for improving the strategies.

20 medical assistance programs, and to maximize the use of federal
21 funding, the health care authority, the department of social and
22 health services, and the health benefit exchange will coordinate
23 efforts to expand HealthPlanfinder access to public assistance and
24 medical eligibility staff. No later than October 1, 2015, the health

8 for the telephone call; and (ii) the lowest commission rates paid to
9 the department, while providing reasonable compensation to cover the
10 costs of the department to provide the telephone services to inmates
11 and provide sufficient revenues for the activities funded from the
12 institutional welfare betterment account.

13 (b) The department may contract for up to 300 beds statewide to
14 the extent that it is at no net cost to the department. The
15 department shall calculate and report the average cost per offender
16 per day, inclusive of all services, on an annual basis for a facility
17 that is representative of average medium or lower offender costs. The
18 duration of the contracts may be for up to four years. The department
19 shall not pay a rate greater than \$65 per day per offender for all
20 costs associated with the offender while in the local correctional

37 offender back to the department, subject to terms of the negotiated
38 agreement. Health care costs incurred prior to transfer are the
39 responsibility of the jail.

(iii) The enhancements in this subsection (2)(c) are within the program of basic education.

(iv) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

(v) Advanced placement and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade; and

The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistance principals, and other certificated building level administrators:

Prototypical School Building:

Elementary School	1.253
Middle School	1.353

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors: Career and Technical Education students. 1.025
Skill Center students. 1.198

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2015-16 and 2016-17 school years are determined using the formula-generated staff units provided in RCW 28A.150.260, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade, except that the allocation for parent involvement coordinators in an elementary school shall be 0.0825 for the 2015-16 and 2016-17 school years, which enhancement is within the program of basic education.

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and

administrative staff units are provided for the 2015-16 and 2016-17 school year for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b), by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.47 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 1.46 percent in the 2015-16 school year and 1.46 percent in the 2016-17 school year for career and technical education students, and 17.33 percent in the 2015-16 school year and 17.33 percent in the 2016-17 school year for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 21.42 percent in the 2015-16 school year and 21.42 percent in the 2016-17 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 22.72 percent in the 2015-16 school year and 22.72 percent in the 2016-17 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504 of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1,440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS

For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

28 for the 2010-11 school year as provided section 502, chapter 37, Laws
29 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually
30 for inflation.

31 (14) Any school district board of directors may petition the
32 superintendent of public instruction by submission of a resolution
33 adopted in a public meeting to reduce or delay any portion of its
34 basic education allocation for any school year. The superintendent of
35 public instruction shall approve such reduction or delay if it does

39 assistance pursuant to chapter 28A.500 RCW.

1 (15) The superintendent may distribute funding for the following
2 programs outside the basic education formula during fiscal years 2016
3 and 2017 as follows:

4 (a) \$620,000 of the general fund—state appropriation for fiscal
5 year 2016 and \$631,000 of the general fund—state appropriation for
6 fiscal year 2017 are provided solely for fire protection for school

8 established pursuant to chapter 52.04 RCW.

9 (b) \$436,000 of the general fund—state appropriation for fiscal
10 year 2016 and \$436,000 of the general fund—state appropriation for

12 training for secondary students who are enrolled in extended day
13 school-to-work programs, as approved by the superintendent of public
14 instruction. The funds shall be allocated at a rate not to exceed
15 \$500 per full-time equivalent student enrolled in those programs.

16 (16) \$219,000 of the general fund—state appropriation for fiscal
17 year 2016 and \$223,000 of the general fund—state appropriation for
18 fiscal year 2017 are provided solely for school district emergencies
19 as certified by the superintendent of public instruction. Funding
20 provided must be conditioned upon the written commitment and plan of
21 the school district board of directors to repay the grant with any
22 insurance payments or other judgments that may be awarded, if
23 applicable. At the close of the fiscal year the superintendent of
24 public instruction shall report to the office of financial management
25 and the appropriate fiscal committees of the legislature on the
26 allocations provided to districts and the nature of the emergency.

27 (17) Funding in this section is sufficient to fund a maximum of
28 1.6 FTE enrollment for skills center students pursuant to chapter
29 463, Laws of 2007.

30 (18) Students participating in running start programs may be
31 funded up to a combined maximum enrollment of 1.2 FTE including
32 school district and institution of higher education enrollment
33 consistent with the running start course requirements provided in
34 Engrossed Second Substitute House Bill No. 1546 (dual credit
35 education opportunities). In calculating the combined 1.2 FTE, the
36 office of the superintendent of public instruction may average the
37 participating student's September through June enrollment to account
38 for differences in the start and end dates for courses provided by
39 the high school and higher education institution. Additionally, the

1 office of the superintendent of public instruction, in consultation
2 with the state board for community and technical colleges, the
3 student achievement council, and the education data center, shall
4 annually track and report to the fiscal committees of the legislature
5 on the combined FTE experience of students participating in the
6 running start program, including course load analyses at both the
7 high school and community and technical college system.

8 (19) If two or more school districts consolidate and each
9 district was receiving additional basic education formula staff units
10 pursuant to subsection (12) of this section, the following apply:

11 (a) For three school years following consolidation, the number of
12 basic education formula staff units shall not be less than the number
13 of basic education formula staff units received by the districts in
14 the school year prior to the consolidation; and

15 (b) For the fourth through eighth school years following
16 consolidation, the difference between the basic education formula
17 staff units received by the districts for the school year prior to
18 consolidation and the basic education formula staff units after
19 consolidation pursuant to subsection (12) of this section shall be
20 reduced in increments of twenty percent per year.

21 (20)(a) Indirect cost charges by a school district to approved
22 career and technical education middle and secondary programs shall
23 not exceed 15 percent of the combined basic education and career and
24 technical education program enhancement allocations of state funds.
25 Middle and secondary career and technical education programs are
26 considered separate programs for funding and financial reporting
27 purposes under this section.

28 (b) Career and technical education program full-time equivalent
29 enrollment shall be reported on the same monthly basis as the
30 enrollment for students eligible for basic support, and payments
31 shall be adjusted for reported career and technical education program
32 enrollments on the same monthly basis as those adjustments for
33 enrollment for students eligible for basic support.

34 (21) Funding in this section is sufficient to provide full
35 general apportionment payments to school districts eligible for
36 federal forest revenues as provided in RCW 28A.520.020. School
37 districts receiving federal forest revenues shall not have their
38 general apportionment reduced during the 2015-2017 biennium only.

4 state allocations for certificated instructional, certificated
5 administrative, and classified staff units as provided in RCW
6 28A.150.280 and under section 502 of this act:

7 (a) Salary allocations for certificated instructional staff units
8 are determined for each district by multiplying the district's
9 certificated instructional total base salary shown on LEAP Document 2
10 by the district's average staff mix factor for certificated
11 instructional staff in that school year, computed using LEAP document
12 1; and

13 (b) Salary allocations for certificated administrative staff
14 units and classified staff units for each district are determined
15 based on the district's certificated administrative and classified
16 salary allocation amounts shown on LEAP Document 2.

17 (2) For the purposes of this section:

18 (a) "LEAP Document 1" means the staff mix factors for
19 certificated instructional staff according to education and years of
20 experience, as developed by the legislative evaluation and
21 accountability program committee on June 28, 2015, at 8:06 hours; and

22 (b) "LEAP Document 2" means the school year salary allocations
23 for certificated administrative staff and classified staff and
24 derived and total base salaries for certificated instructional staff
25 as developed by the legislative evaluation and accountability program
26 committee on June 28, 2015, at 8:06 hours.

27 (3) Incremental fringe benefit factors are applied to salary
28 adjustments at a rate of 20.78 percent for school year 2015-16 and
29 20.78 percent for school year 2016-17 for certificated instructional
30 and certificated administrative staff and 19.22 percent for school
31 year 2015-16 and 19.22 percent for the 2016-17 school year for
32 classified staff.

33 (4)(a) Pursuant to RCW 28A.150.410, the following state-wide
34 salary allocation schedules for certificated instructional staff are
35 established for basic education salary allocations:

In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended in the special education program.

18 to the department may be assessed an additional fee related to the
19 increased costs incurred by the department in processing the
20 deficient reports. Fees paid under this subsection shall be deposited
21 in the retirement system expense fund.

22 (a) Every six months the department shall determine the amount of
23 an employer's fee by reviewing the timeliness and accuracy of the
24 reports submitted by the employer in the preceding six months. If
25 those reports were not both timely and accurate the department may
26 prospectively assess an additional fee under this subsection.

27 (b) An additional fee assessed by the department under this

6 not required for expenditures. Expenditures from the account must be
7 used as follows: (1) No less than seventy-one percent must be used
8 for the purposes of providing housing counseling activities to
9 benefit borrowers, except that this amount may be less than seventy-
10 one percent only if necessary to meet the funding level specified for

12 section and the department under subsection (4) of this section; (2)

1 funds and an amount of petty cash as fixed by the board within the
2 authority of law shall be deposited each day in a depository approved
3 by the state treasurer and transferred to the state treasurer to be

5 biennium, the legislature may transfer funds from the liquor
6 revolving account [fund] to the state general fund and may direct an
7 additional amount of liquor profits to be distributed to local
8 governments. Neither the transfer of funds nor the additional
9 distribution of liquor profits to local governments during the
10 2009-2011 fiscal biennium may reduce the excess fund distributions
11 that otherwise would occur under RCW 66.08.190. During the 2011-2013
12 fiscal biennium, the state treasurer shall transfer from the liquor
13 revolving fund to the state general fund forty-two million five
14 hundred thousand dollars for fiscal year 2012 and forty-two million
15 five hundred thousand dollars for fiscal year 2013. The transfer
16 during the 2011-2013 fiscal biennium may not reduce the excess fund
17 distributions that otherwise would occur under RCW 66.08.190. Sales
18 to licensees are exempt from any liquor price increases that may
19 result from the transfer of funds from the liquor revolving fund to
20 the state general fund during the 2011-2013 fiscal biennium.
21 Disbursements from the revolving fund shall be on authorization of
22 the board or a duly authorized representative thereof. In order to
23 maintain an effective expenditure and revenue control the liquor
24 revolving fund shall be subject in all respects to chapter 43.88 RCW
25 but no appropriation shall be required to permit expenditures and
26 payment of obligations from such fund. During the 2013-2015 and
27 2015-2017 fiscal biennia, the legislature may transfer from the
28 liquor revolving fund to the state general fund such amounts as
29 reflect the excess fund balance of the account.

2 subsection (5)(b) of this section, for disposition of all the funds
3 provided from the criminal justice treatment account within that
4 county. The funds shall be used solely to provide approved alcohol
5 and substance abuse treatment pursuant to RCW 70.96A.090, treatment
6 support services, and for the administrative and overhead costs

20 the costs of remedial action in compliance with clean-up standards
21 under RCW 70.105D.030(2)(e) if:

22 (i) The facility is located within a redevelopment opportunity
23 zone designated under RCW 70.105D.150;

24 (ii) The amount and terms of the funding are established under a
25 settlement agreement under RCW 70.105D.040(5); and

26 (iii) The director has found the funding meets any additional
27 criteria established in rule by the department, will achieve a
28 substantially more expeditious or enhanced cleanup than would
29 otherwise occur, and will provide a public benefit in addition to
30 cleanup commensurate with the scope of the public funding;

31 (r) Petroleum-based plastic or expanded polystyrene foam debris
32 cleanup activities in fresh or marine waters;

33 (s) Appropriations to the local toxics control account or the
34 environmental legacy stewardship account created in RCW 70.105D.170,
35 if the legislature determines that priorities for spending exceed
36 available funds in those accounts;

37 (t) During the 2013-2015 and 2015-2017 fiscal (~~biennium~~)
38 biennia, the department of ecology's water quality, shorelands,
39 environmental assessment, administration, and air quality programs;

1 (u) During the 2013-2015 fiscal biennium, actions at the state
2 conservation commission to improve water quality for shellfish;
3 ((and))

4 (v) During the 2013-2015 and 2015-2017 fiscal ((biennium))
5 biennia, actions at the University of Washington for reducing ocean
6 acidification;

7 (w) For the 2013-2015 fiscal biennium, moneys in the state toxics
8 control account may be spent on projects in section 3159, chapter 19,
9 Laws of 2013 2nd sp. sess. and for transfer to the local toxics
10 control account; ((and))

11 (x) For the 2013-2015 fiscal biennium, moneys in the state toxics
12 control account may be transferred to the radioactive mixed waste
13 account; and

14 (y) For the 2015-2017 fiscal biennium, forest practices
15 regulation at the department of natural resources.

16 (4)(a) The department shall use moneys deposited in the local
17 toxics control account for grants or loans to local governments for
18 the following purposes in descending order of priority:

19 (i) Extended grant agreements entered into under (c)[(e)](i) of
20 this subsection;

21 (ii) Remedial actions, including planning for adaptive reuse of
22 properties as provided for under (c)[(e)](iv) of this subsection. The
23 department must prioritize funding of remedial actions at:

24 (A) Facilities on the department's hazardous sites list with a
25 high hazard ranking for which there is an approved remedial action
26 work plan or an equivalent document under federal cleanup law;

27 (B) Brownfield properties within a redevelopment opportunity zone
28 if the local government is a prospective purchaser of the property
29 and there is a department-approved remedial action work plan or
30 equivalent document under the federal cleanup law;

31 (iii) Storm water pollution source projects that: (A) Work in
32 conjunction with a remedial action; (B) protect completed remedial
33 actions against recontamination; or (C) prevent hazardous clean-up
34 sites;

35 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

36 (v) Solid waste plans and programs under chapters 70.95, 70.95C,
37 70.95I, and 70.105 RCW;

38 (vi) Petroleum-based plastic or expanded polystyrene foam debris
39 cleanup activities in fresh or marine waters; and

1 (vii) Appropriations to the state toxics control account or the
2 environmental legacy stewardship account created in RCW 70.105D.170,
3 if the legislature determines that priorities for spending exceed
4 available funds in those accounts.

5 (b) Funds for plans and programs must be allocated consistent
6 with the priorities and matching requirements established in chapters
7 70.105, 70.95C, 70.95I, and 70.95 RCW.

8 (c) During the 2013-2015 fiscal biennium, the local toxics
9 control account may also be used for local government storm water
10 planning and implementation activities.

11 (d) During the 2013-2015 fiscal biennium, the legislature may
12 transfer from the local toxics control account to the state general
13 fund, such amounts as reflect the excess fund balance in the account.

14 (e) To expedite cleanups throughout the state, the department may
15 use the following strategies when providing grants to local
16 governments under this subsection:

17 (i) Enter into an extended grant agreement with a local
18 government conducting remedial actions at a facility where those
19 actions extend over multiple biennia and the total eligible cost of
20 those actions exceeds twenty million dollars. The agreement is
21 subject to the following limitations:

22 (A) The initial duration of such an agreement may not exceed ten
23 years. The department may extend the duration of such an agreement
24 upon finding substantial progress has been made on remedial actions
25 at the facility;

26 (B) Extended grant agreements may not exceed fifty percent of the
27 total eligible remedial action costs at the facility; and

28 (C) The department may not allocate future funding to an extended
29 grant agreement unless the local government has demonstrated to the
30 department that funds awarded under the agreement during the previous
31 biennium have been substantially expended or contracts have been
32 entered into to substantially expend the funds;

33 (ii) Enter into a grant agreement with a local government
34 conducting a remedial action that provides for periodic reimbursement
35 of remedial action costs as they are incurred as established in the
36 agreement;

37 (iii) Enter into a grant agreement with a local government prior
38 to it acquiring a property or obtaining necessary access to conduct
39 remedial actions, provided the agreement is conditioned upon the

1 local government acquiring the property or obtaining the access in
2 accordance with a schedule specified in the agreement;

3 (iv) Provide integrated planning grants to local governments to
4 fund studies necessary to facilitate remedial actions at brownfield
5 properties and adaptive reuse of properties following remediation.
6 Eligible activities include, but are not limited to: Environmental
7 site assessments; remedial investigations; health assessments;
8 feasibility studies; site planning; community involvement; land use
9 and regulatory analyses; building and infrastructure assessments;
10 economic and fiscal analyses; and any environmental analyses under
11 chapter 43.21C RCW;

12 (v) Provide grants to local governments for remedial actions
13 related to area-wide groundwater contamination. To receive the
14 funding, the local government does not need to be a potentially
15 liable person or be required to seek reimbursement of grant funds
16 from a potentially liable person;

17 (vi) The director may alter grant matching requirements to create
18 incentives for local governments to expedite cleanups when one of the
19 following conditions exists:

20 (A) Funding would prevent or mitigate unfair economic hardship
21 imposed by the clean-up liability;

22 (B) Funding would create new substantial economic development,
23 public recreational opportunities, or habitat restoration
24 opportunities that would not otherwise occur; or

25 (C) Funding would create an opportunity for acquisition and
26 redevelopment of brownfield property under RCW 70.105D.040(5) that
27 would not otherwise occur;

28 (vii) When pending grant applications under (c)[(e)](iv) and (v)
29 of this subsection (4) exceed the amount of funds available,
30 designated redevelopment opportunity zones must receive priority for
31 distribution of available funds.

32 (d) [(f)] To expedite multiparty clean-up efforts, the department
33 may purchase remedial action cost-cap insurance. For the 2013-2015
34 fiscal biennium, moneys in the local toxics control account may be
35 spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19,
36 Laws of 2013 2nd sp. sess.

37 (5) Except for unanticipated receipts under RCW 43.79.260 through
38 43.79.282, moneys in the state and local toxics control accounts may
39 be spent only after appropriation by statute.

1 (6) No moneys deposited into either the state or local toxics
2 control account may be used for: Natural disasters where there is no
3 hazardous substance contamination; high performance buildings; solid
4 waste incinerator facility feasibility studies, construction,
5 maintenance, or operation; or after January 1, 2010, for projects
6 designed to address the restoration of Puget Sound, funded in a
7 competitive grant process, that are in conflict with the action
8 agenda developed by the Puget Sound partnership under RCW 90.71.310.
9 However, this subsection does not prevent an appropriation from the
10 state toxics control account to the department of revenue to enforce
11 compliance with the hazardous substance tax imposed in chapter 82.21
12 RCW.

13 (7) Except during the 2011-2013 fiscal biennium, one percent of
14 the moneys collected under RCW 82.21.030 shall be allocated only for
15 public participation grants to persons who may be adversely affected
16 by a release or threatened release of a hazardous substance and to
17 not-for-profit public interest organizations. The primary purpose of
18 these grants is to facilitate the participation by persons and
19 organizations in the investigation and remedying of releases or
20 threatened releases of hazardous substances and to implement the
21 state's solid and hazardous waste management priorities. No grant may
22 exceed sixty thousand dollars. Grants may be renewed annually. Moneys
23 appropriated for public participation that are not expended at the
24 close of any biennium revert to the state toxics control account.

25 (8) The department shall adopt rules for grant or loan issuance
26 and performance. To accelerate both remedial action and economic
27 recovery, the department may expedite the adoption of rules necessary
28 to implement chapter 1, Laws of 2013 2nd sp. sess. using the
29 expedited procedures in RCW 34.05.353. The department shall initiate
30 the award of financial assistance by August 1, 2013. To ensure the
31 adoption of rules will not delay financial assistance, the department
32 may administer the award of financial assistance through interpretive
33 guidance pending the adoption of rules through July 1, 2014.

34 (9) Except as provided under subsection (3)(k) and (q) of this
35 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects
36 [affects] the ability of a potentially liable person to receive
37 public funding.

38 (10) During the 2013-2015 fiscal biennium the local toxics
39 control account may also be used for the centennial clean water
40 program and for storm water grants.

1 **Sec. 970.** RCW 74.13.621 and 2013 2nd sp.s. c 4 s 996 are each
2 amended to read as follows:

3 (1) Within existing resources, the department shall establish an
4 oversight committee to monitor, guide, and report on kinship care
5 recommendations and implementation activities. The committee shall:

6 (a) Draft a kinship care definition that is restricted to persons
7 related by blood, marriage, or adoption, including marriages that
8 have been dissolved, or for a minor defined as an "Indian child"
9 under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et
10 seq.), the definition of "extended family member" under the federal
11 Indian child welfare act, and a set of principles. If the committee
12 concludes that one or more programs or services would be more
13 efficiently and effectively delivered under a different definition of
14 kin, it shall state what definition is needed, and identify the
15 program or service in the report. It shall also provide evidence of
16 how the program or service will be more efficiently and effectively
17 delivered under the different definition. The department shall not
18 adopt rules or policies changing the definition of kin without
19 authorizing legislation;

20 (b) Monitor and provide consultation on the implementation of
21 recommendations contained in the 2002 kinship care report, including
22 but not limited to the recommendations relating to legal and respite
23 care services and resources;

24 (c) Partner with nonprofit organizations and private sector
25 businesses to guide a public education awareness campaign; and

26 (d) Assist with developing future recommendations on kinship care
27 issues.

28 (2) The department shall consult with the oversight committee on
29 its efforts to better collaborate and coordinate services to benefit
30 kinship care families.

31 (3) The oversight committee must consist of a minimum of thirty
32 percent kinship caregivers, who shall represent a diversity of
33 kinship families. Statewide representation with geographic, ethnic,
34 and gender diversity is required. Other members shall include
35 representatives of the department, representatives of relevant state
36 agencies, representatives of the private nonprofit and business
37 sectors, child advocates, representatives of Washington state Indian
38 tribes as defined under the federal Indian welfare act (25 U.S.C.
39 Sec. 1901 et seq.), and representatives of the legal or judicial

1 field. Birth parents, foster parents, and others who have an interest
2 in these issues may also be included.

3 (4) To the extent funding is available, the department may
4 reimburse nondepartmental members of the oversight committee for
5 costs incurred in participating in the meetings of the oversight
6 committee.

7 (5) The kinship care oversight committee shall update the
8 legislature and governor annually on committee activities, with the
9 first update due by January 1, 2006.

10 (6) This section expires June 30, ((2015)) 2017.

11 **Sec. 971.** RCW 77.12.203 and 2014 c 55 s 1 are each amended to
12 read as follows:

13 (1) Except as provided in subsection (5) of this section and
14 notwithstanding RCW 84.36.010 or other statutes to the contrary, the
15 director must pay by April 30th of each year on game lands,
16 regardless of acreage, in each county, if requested by an election
17 under RCW 77.12.201, an amount in lieu of real property taxes equal
18 to that amount paid on similar parcels of open space land taxable
19 under chapter 84.34 RCW or the greater of seventy cents per acre per
20 year or the amount paid in 1984 plus an additional amount for control
21 of noxious weeds equal to that which would be paid if such lands were
22 privately owned. This amount may not be assessed or paid on
23 department buildings, structures, facilities, game farms, fish
24 hatcheries, water access sites, tidelands, or public fishing areas.

25 (2) "Game lands," as used in this section and RCW 77.12.201,
26 means those tracts, regardless of acreage, owned in fee by the
27 department and used for wildlife habitat and public recreational
28 purposes. All lands purchased for wildlife habitat, public access, or
29 recreation purposes with federal funds in the Snake River drainage
30 basin are considered game lands regardless of acreage.

31 (3) This section does not apply to lands transferred after April
32 23, 1990, to the department from other state agencies.

33 (4) The county must distribute the amount received under this
34 section in lieu of real property taxes to all property taxing
35 districts except the state in appropriate tax code areas the same way
36 it would distribute local property taxes from private property. The
37 county must distribute the amount received under this section for
38 weed control to the appropriate weed district.

(5) For the ((2011-2013 and)) 2013-2015 and 2015-2017 fiscal biennia, the director must pay by April 30th of each year on game lands in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes and must be distributed as follows:

Sec. 972. RCW 79.64.040 and 2014 c 32 s 4 are each amended to read as follows:

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way issued by the department and affecting state lands and aquatic lands, provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150

1 prior to December 1, 1981, which have not been subjected to deduction
2 under this section are not subject to deduction under this section.

3 (3) Except as otherwise provided in subsection (5) of this
4 section, the deductions authorized under this section shall not
5 exceed twenty-five percent of the moneys received by the department
6 in connection with any one transaction pertaining to state lands and
7 aquatic lands other than second-class tide and shore lands and the
8 beds of navigable waters, and fifty percent of the moneys received by
9 the department pertaining to second-class tide and shore lands and
10 the beds of navigable waters.

11 (4) In the event that the department sells logs using the
12 contract harvesting process described in RCW 79.15.500 through
13 79.15.530, the moneys received subject to this section are the net
14 proceeds from the contract harvesting sale.

15 (5) During the ((2011-2013-and)) 2013-2015 fiscal ((biennia))
16 biennium, the twenty-five percent limitation on deductions set in
17 subsection (3) of this section may be increased up to thirty percent
18 by the board. During the 2015-2017 fiscal biennium, the board may
19 increase the twenty-five percent limitation up to thirty-two percent.

20 **Sec. 973.** RCW 79.64.110 and 2012 c 166 s 6 are each amended to
21 read as follows:

22 (1) Any moneys derived from the lease of state forest lands or
23 from the sale of valuable materials, oils, gases, coal, minerals, or
24 fossils from those lands, or the appraised value of these resources
25 when transferred to a public agency under RCW 79.22.060, except as
26 provided in RCW 79.22.060(4), must be distributed as follows:

27 (a) For state forest lands acquired through RCW 79.22.040 or by
28 exchange for lands acquired through RCW 79.22.040:

29 (i) The expense incurred by the state for administration,
30 reforestation, and protection, not to exceed twenty-five percent,
31 which rate of percentage shall be determined by the board, must be
32 returned to the forest development account created in RCW 79.64.100.
33 During the 2015-2017 fiscal biennium, the board may increase the
34 twenty-five percent limitation up to twenty-seven percent.

35 (ii) Any balance remaining must be paid to the county in which
36 the land is located or, for counties participating in a land pool
37 created under RCW 79.22.140, to each participating county
38 proportionate to its contribution of asset value to the land pool as
39 determined by the board. Payments made under this subsection are to

1 be paid, distributed, and prorated, except as otherwise provided in
2 this section, to the various funds in the same manner as general
3 taxes are paid and distributed during the year of payment.

4 (iii) Any balance remaining, paid to a county with a population
5 of less than sixteen thousand, must first be applied to the reduction
6 of any indebtedness existing in the current expense fund of the
7 county during the year of payment.

8 (iv) With regard to moneys remaining under this subsection
9 (1)(a), within seven working days of receipt of these moneys, the
10 department shall certify to the state treasurer the amounts to be
11 distributed to the counties. The state treasurer shall distribute
12 funds to the counties four times per month, with no more than ten
13 days between each payment date.

14 (b) For state forest lands acquired through RCW 79.22.010 or by
15 exchange for lands acquired through RCW 79.22.010, except as provided
16 in RCW 79.64.120:

17 (i) Fifty percent shall be placed in the forest development
18 account.

19 (ii) Fifty percent shall be prorated and distributed to the state
20 general fund, to be dedicated for the benefit of the public schools,

22 participating in a land pool created under RCW 79.22.140, to each
23 participating county proportionate to its contribution of asset value
24 to the land pool as determined by the board, and according to the
25 relative proportions of tax levies of all taxing districts in the
26 county. The portion to be distributed to the state general fund shall
27 be based on the regular school levy rate under RCW 84.52.065 and the
28 levy rate for any maintenance and operation special school levies.
29 With regard to the portion to be distributed to the counties, the
30 department shall certify to the state treasurer the amounts to be
31 distributed within seven working days of receipt of the money. The
32 state treasurer shall distribute funds to the counties four times per
33 month, with no more than ten days between each payment date. The
34 money distributed to the county must be paid, distributed, and
35 prorated to the various other funds in the same manner as general
36 taxes are paid and distributed during the year of payment.

37 (2) A school district may transfer amounts deposited in its debt
38 service fund pursuant to this section into its capital projects fund
39 as authorized in RCW 28A.320.330.

1 **Sec. 974.** RCW 79.105.150 and 2013 2nd sp.s. c 4 s 1002 are each
2 amended to read as follows:

3 (1) After deduction for management costs as provided in RCW
4 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys
5 received by the state from the sale or lease of state-owned aquatic
6 lands and from the sale of valuable material from state-owned aquatic
7 lands shall be deposited in the aquatic lands enhancement account
8 which is hereby created in the state treasury. After appropriation,
9 these funds shall be used solely for aquatic lands enhancement
10 projects; for the purchase, improvement, or protection of aquatic
11 lands for public purposes; for providing and improving access to the
12 lands; and for volunteer cooperative fish and game projects. During
13 the 2013-2015 and 2015-2017 fiscal (~~(biennium)~~) biennia, the aquatic
14 lands enhancement account may be used to support the shellfish
15 program, the ballast water program, hatcheries, the Puget Sound toxic
16 sampling program and steelhead mortality research at the department
17 of fish and wildlife, the knotweed program at the department of
18 agriculture, actions at the University of Washington for reducing
19 ocean acidification, which may include the creation of a center on
20 ocean acidification, and the Puget SoundCorps program. During the
21 2013-2015 fiscal biennium, the legislature may transfer from the
22 aquatic lands enhancement account to the geoduck aquaculture research
23 account for research related to shellfish aquaculture. During the
24 2015-2017 fiscal biennium, the legislature may transfer moneys from
25 the aquatic lands enhancement account to the marine resources
26 stewardship trust account.

27 (2) In providing grants for aquatic lands enhancement projects,
28 the recreation and conservation funding board shall:

29 (a) Require grant recipients to incorporate the environmental
30 benefits of the project into their grant applications;

31 (b) Utilize the statement of environmental benefits,
32 consideration, except as provided in RCW 79.105.610, of whether the
33 applicant is a Puget Sound partner, as defined in RCW 90.71.010,
34 whether a project is referenced in the action agenda developed by the
35 Puget Sound partnership under RCW 90.71.310, and except as otherwise
36 provided in RCW 79.105.630, and effective one calendar year following
37 the development and statewide availability of model evergreen
38 community management plans and ordinances under RCW 35.105.050,
39 whether the applicant is an entity that has been recognized, and what
40 gradation of recognition was received, in the evergreen community

1 recognition program created in RCW 35.105.030 in its prioritization
2 and selection process; and

3 (c) Develop appropriate outcome-focused performance measures to
4 be used both for management and performance assessment of the grants.

5 (3) To the extent possible, the department should coordinate its
6 performance measure system with other natural resource-related
7 agencies as defined in RCW 43.41.270.

8 (4) The department shall consult with affected interest groups in
9 implementing this section.

10 (5) After January 1, 2010, any project designed to address the
11 restoration of Puget Sound may be funded under this chapter only if
12 the project is not in conflict with the action agenda developed by
13 the Puget Sound partnership under RCW 90.71.310.

14 **Sec. 975.** RCW 82.08.160 and 2014 c 221 s 923 are each amended to
15 read as follows:

16 (1) On or before the twenty-fifth day of each month, all taxes
17 collected under RCW 82.08.150 during the preceding month must be
18 remitted to the state department of revenue, to be deposited with the
19 state treasurer. Except as provided in subsections (2), (3), ~~((and))~~
20 (4), and (5) of this section, upon receipt of such moneys the state
21 treasurer must credit sixty-five percent of the sums collected and
22 remitted under RCW 82.08.150 (1) and (2) and one hundred percent of
23 the sums collected and remitted under RCW 82.08.150 (3) and (4) to
24 the state general fund and thirty-five percent of the sums collected
25 and remitted under RCW 82.08.150 (1) and (2) to a fund which is
26 hereby created to be known as the "liquor excise tax fund."

27 (2) During the 2012 fiscal year, 66.19 percent of the sums
28 collected and remitted under RCW 82.08.150 (1) and (2) must be
29 deposited in the state general fund and the remainder collected and
30 remitted under RCW 82.08.150 (1) and (2) must be deposited in the
31 liquor excise tax fund.

32 (3) During fiscal year 2013, all funds collected under RCW
33 82.08.150 (1), (2), (3), and (4) must be deposited into the state
34 general fund.

35 (4) During the 2013-2015 fiscal biennium, seventy-seven and
36 one-half percent of the sums collected and remitted under RCW
37 82.08.150 (1) and (2) must be deposited in the state general fund,
38 and the remainder collected and remitted under RCW 82.08.150 (1) and
39 (2) must be deposited in the liquor excise tax fund. The amendments

1 in this section are curative, clarifying, and remedial and apply
2 retroactively to July 1, 2013.

3 (5) During the 2015-2017 fiscal biennium, the liquor excise tax
4 fund may be appropriated for the local government fiscal note program
5 in the department of commerce. It is the intent of the legislature to
6 continue these policies in the 2017-2019 fiscal biennium.

PART XII
HUMAN SERVICES

Sec. 1201. 2014 c 221 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary

1 to finance a unified health care plan for the WMIP and the MICP
2 program enrollment. The WMIP pilot projects shall not exceed a daily
3 enrollment of 6,000 persons, nor expand beyond one county during the
4 2013-2015 fiscal biennium. The amount of funding assigned from each
5 program may not exceed the average per capita cost assumed in this
6 act for individuals covered by that program, actuarially adjusted for
7 the health condition of persons enrolled, times the number of clients
8 enrolled. In implementing the WMIP and the MICP, the health care
9 authority and the department may: (i) Withhold from calculations of
10 "available resources" as set forth in RCW 71.24.025 a sum equal to
11 the capitated rate for enrolled individuals; and (ii) employ
12 capitation financing and risk-sharing arrangements in collaboration
13 with health care service contractors licensed by the office of the
14 insurance commissioner and qualified to participate in both the
15 medicaid and medicare programs.

16 (b) If Washington has been selected to participate in phase two
17 of the federal demonstration project for persons dually-eligible for
18 both medicare and medicaid, the department and the authority may
19 initiate the MICP. Participation in the project shall be limited to
20 persons who are eligible for both medicare and medicaid and to
21 counties in which the county legislative authority has agreed to the
22 terms and conditions under which it will operate. The purpose of the
23 project shall be to demonstrate and evaluate ways to improve care
24 while reducing state expenditures for persons enrolled both in
25 medicare and medicaid. To that end, prior to initiating the project,
26 the department and the authority shall assure that state expenditures
27 shall be no greater on either a per person or total basis than the
28 state would otherwise incur. Individuals who are solely eligible for
29 medicaid may also participate if their participation is agreed to by
30 the health care authority, the department, and the county legislative
31 authority.

32 (4) The legislature finds that medicaid payment rates, as
33 calculated by the department pursuant to the appropriations in this
34 act, bear a reasonable relationship to the costs incurred by
35 efficiently and economically operated facilities for providing
36 quality services and will be sufficient to enlist enough providers so
37 that care and services are available to the extent that such care and
38 services are available to the general population in the geographic
39 area. The legislature finds that cost reports, payment data from the
40 federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (5) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in section 213 of this act. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (6) The department shall facilitate enrollment under the medicaid
15 expansion for clients applying for or receiving state funded services
16 from the department and its contractors. Prior to open enrollment,
17 the department shall coordinate with the health care authority to
18 provide referrals to the Washington health benefit exchange for
19 clients that will be ineligible for the medicaid expansion but are
20 enrolled in coverage that will be eliminated in the transition to the
21 medicaid expansion.

22 (7)(a) The appropriations to the department of social and health
23 services in this act shall be expended for the programs and in the
24 amounts specified in this act. However, after May 1, ((2014)) 2015,
25 unless specifically prohibited by this act, the department may
26 transfer general fund—state appropriations for fiscal year ((2014))
27 2015 among programs after approval by the director of financial
28 management. However, the department shall not transfer state moneys
29 that are provided solely for a specified purpose except as expressly
30 provided in (b) of this subsection.

31 (b) To the extent that transfers under (a) of this subsection are
32 insufficient to fund actual expenditures in excess of fiscal year
33 ((2014)) 2015 caseload forecasts and utilization assumptions in the
34 long-term care, foster care, adoptions support, medicaid personal
35 care, and child support programs, the department may transfer state
36 moneys that are provided solely for a specified purpose. The
37 department shall not transfer funds, and the director of financial
38 management shall not approve the transfer, unless the transfer is
39 consistent with the objective of conserving, to the maximum extent
40 possible, the expenditure of state funds. The director of financial

management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

TOTAL APPROPRIATION.	((\$1,107,140,000))
	<u>\$1,109,864,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Within amounts provided for the foster care and adoption support programs, the department shall control reimbursement decisions for foster care and adoption support cases such that the aggregate average cost per case for foster care and for adoption support does not exceed the amounts assumed in the projected caseload expenditures.

(2) \$668,000 of the general fund—state appropriation for fiscal year 2014 and \$668,000 of the general fund—state appropriation for fiscal year 2015 are provided solely to contract for the operation of one pediatric interim care center. The center shall provide

1 residential care for up to thirteen children through two years of
2 age. Seventy-five percent of the children served by the center must
3 be in need of special care as a result of substance abuse by their
4 mothers. The center shall also provide on-site training to
5 biological, adoptive, or foster parents. The center shall provide at
6 least three months of consultation and support to the parents
7 accepting placement of children from the center. The center may
8 recruit new and current foster and adoptive parents for infants
9 served by the center. The department shall not require case
10 management as a condition of the contract.

11 (3) \$538,500 of the general fund—state appropriation for fiscal
12 year 2014, \$539,500 of the general fund—state appropriation for

14 appropriation, and \$253,000 of the general fund—federal appropriation
15 are provided solely for children's administration to contract with an
16 educational advocacy provider with expertise in foster care
17 educational outreach. The amounts in this subsection are provided
18 solely for contracted education coordinators to assist foster
19 children in succeeding in K-12 and higher education systems and to
20 assure a focus on education during the transition to performance
21 based contracts. Funding shall be prioritized to regions with high
22 numbers of foster care youth and/or regions where backlogs of youth
23 that have formerly requested educational outreach services exist. The
24 department shall utilize private matching funds to maintain
25 educational advocacy services.

26 (4) \$10,741,000 of the home security fund—state appropriation is
27 provided solely for the department to contract for services pursuant
28 to RCW 13.32A.030 and 74.15.220. The department shall contract and
29 collaborate with service providers in a manner that maintains the
30 availability and geographic representation of secure and semi-secure
31 crisis residential centers and HOPE centers. To achieve efficiencies
32 and increase utilization, the department shall allow the co-location
33 of these centers, except that a youth may not be placed in a secure
34 facility or the secure portion of a co-located facility except as
35 specifically authorized by chapter 13.32A RCW. The reductions to
36 appropriations in this subsection related to semi-secure crisis
37 residential centers reflect a reduction to the number of beds for
38 semi-secure crisis residential centers and not a reduction in rates.
39 Any secure crisis residential center or semi-secure crisis

1 residential center bed reduction shall not be based solely upon bed
2 utilization. The department is to exercise its discretion in reducing
3 the number of beds but to do so in a manner that maintains
4 availability and geographic representation of semi-secure and secure
5 crisis residential centers.

6 (5) \$125,000 of the general fund—state appropriation for fiscal

32 courts shall establish a block grant funding formula oversight
33 committee with equal representation from the juvenile rehabilitation
34 administration and the juvenile courts. The purpose of this committee
35 is to assess the ongoing implementation of the block grant funding
36 formula, utilizing data-driven decision making and the most current
37 available information. The committee will be cochaired by the
38 juvenile rehabilitation administration and the juvenile courts, who
39 will also have the ability to change members of the committee as
40 needed to achieve its purpose. Initial members will include one

1 juvenile court representative from the finance committee, the
2 community juvenile accountability act committee, the risk assessment
3 quality assurance committee, the executive board of the Washington
4 association of juvenile court administrators, the Washington state
5 center for court research, and a representative of the superior court
6 judges association; two representatives from the juvenile
7 rehabilitation administration headquarters program oversight staff,
8 two representatives of the juvenile rehabilitation administration
9 regional office staff, one representative of the juvenile
10 rehabilitation administration fiscal staff and a juvenile
11 rehabilitation administration division director. The committee may
12 make changes to the formula categories other than the evidence-based
13 program and disposition alternative categories if it is determined
14 the changes will increase statewide service delivery or effectiveness
15 of evidence-based program or disposition alternative resulting in
16 increased cost benefit savings to the state. Long-term cost benefit
17 must be considered. Percentage changes may occur in the evidence-
18 based program or disposition alternative categories of the formula
19 should it be determined the changes will increase evidence-based
20 program or disposition alternative delivery and increase the cost
21 benefit to the state. These outcomes will also be considered in
22 determining when evidence-based expansion or special sex offender
23 disposition alternative funds should be included in the block grant
24 or left separate.

25 (c) The juvenile courts and administrative office of the courts
26 shall be responsible for collecting and distributing information and
27 providing access to the data systems to the juvenile rehabilitation
28 administration and the Washington state institute for public policy
29 related to program and outcome data. The juvenile rehabilitation
30 administration and the juvenile courts will work collaboratively to
31 develop program outcomes that reinforce the greatest cost benefit to
32 the state in the implementation of evidence-based practices and
33 disposition alternatives.

34 (8) The juvenile courts and administrative office of the courts
35 shall collect and distribute information related to program outcome
36 and provide access to these data systems to the juvenile
37 rehabilitation administration and Washington state institute for
38 public policy. The agreements between administrative office of the
39 courts, the juvenile courts, and the juvenile rehabilitation
40 administration shall be executed to ensure that the juvenile

1 rehabilitation administration receives the data that the juvenile
2 rehabilitation administration identifies as needed to comply with
3 this subsection. This includes, but is not limited to, information by
4 program at the statewide aggregate level, individual court level, and
5 individual client level for the purpose of the juvenile
6 rehabilitation administration providing quality assurance and
7 oversight for the locally committed youth block grant and associated
8 funds and at times as specified by the juvenile rehabilitation
9 administration as necessary to carry out these functions. The data
10 shall be provided in a manner that reflects the collaborative work
11 the juvenile rehabilitation administration and juvenile courts have
12 developed regarding program outcomes that reinforce the greatest cost
13 benefit to the state in the implementation of evidence-based
14 practices and disposition alternatives.

15 (9) \$445,000 of the general fund—state appropriation for fiscal
16 year 2014 and \$445,000 of the general fund—state appropriation for
17 fiscal year 2015 are provided solely for funding of the teamchild
18 project.

19 (10) \$178,000 of the general fund—state appropriation for fiscal
20 year 2014 and \$178,000 of the general fund—state appropriation for
21 fiscal year 2015 are provided solely for the juvenile detention
22 alternatives initiative.

23 (11) \$250,000 of the general fund—state appropriation for fiscal
24 year 2014 and \$250,000 of the general fund—state appropriation for
25 fiscal year 2015 are provided solely for a grant program focused on
26 criminal street gang prevention and intervention. The Washington
27 state partnership council on juvenile justice may award grants under
28 this subsection. The council shall give priority to applicants who
29 have demonstrated the greatest problems with criminal street gangs.
30 Applicants composed of, at a minimum, one or more local governmental
31 entities and one or more nonprofit, nongovernmental organizations
32 that have a documented history of creating and administering
33 effective criminal street gang prevention and intervention programs
34 may apply for funding under this subsection.

35 (12) \$400,000 of the general fund—state appropriation for fiscal
36 year 2015 is provided solely for competitive grants to community-
37 based organizations to provide at-risk youth intervention services,
38 including but not limited to, case management, employment services,
39 educational services, and street outreach intervention programs.

Projects funded should focus on preventing, intervening, and suppressing behavioral problems and violence while linking at-risk youth to pro-social activities. The costs of administration may not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

Sec. 1204. 2014 c 221 s 204 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund—State Appropriation (FY 2014).	\$328,527,000
General Fund—State Appropriation (FY 2015).	((\$329,208,000))
	<u>\$323,005,000</u>
General Fund—Federal Appropriation.	((\$666,113,000))
	<u>\$770,476,000</u>
General Fund—Private/Local Appropriation.	\$17,864,000
TOTAL APPROPRIATION.	((\$1,341,712,000))
	<u>\$1,439,872,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$104,999,000 of the general fund—state appropriation for fiscal year 2014 and \$88,895,000 of the general fund—state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,343,000 for fiscal year 2014 and \$20,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,343,000 reduction in fiscal year 2014 and \$10,223,000 of the reduction in fiscal year 2015 must be distributed among

1 regional support networks based on a formula that equally weights
2 each regional support networks proportion of individuals who become
3 newly eligible and enroll in medicaid under the expansion provisions
4 of the affordable care act in fiscal year 2014 and each regional
5 support network's spending of flexible nonmedicaid funding on
6 services that would be reimbursable for federal medicaid matching
7 funds if provided to medicaid enrollees in the 2011-2013 fiscal
8 biennium.

9 (ii) The remaining \$10,223,000 reduction in fiscal year 2015 must
10 be distributed among regional support networks based on each regional
11 support network's proportion of individuals who become newly eligible
12 and enroll in medicaid under the expansion provisions of the
13 affordable care act through fiscal year 2015.

14 (b) \$6,590,000 of the general fund—state appropriation for fiscal
15 year 2014, \$6,590,000 of the general fund—state appropriation for
16 fiscal year 2015, and \$7,620,000 of the general fund—federal
17 appropriation are provided solely for the department and regional
18 support networks to continue to contract for implementation of high-
19 intensity programs for assertive community treatment (PACT) teams. In
20 determining the proportion of medicaid and nonmedicaid funding
21 provided to regional support networks with PACT teams, the department
22 shall consider the differences between regional support networks in
23 the percentages of services and other costs associated with the teams
24 that are not reimbursable under medicaid. The department may allow
25 regional support networks which have nonmedicaid reimbursable costs
26 that are higher than the nonmedicaid allocation they receive under
27 this section to supplement these funds with local dollars or funds
28 received under section 204(1)(a) of this act. The department and
29 regional support networks shall maintain consistency with all
30 essential elements of the PACT evidence-based practice model in
31 programs funded under this section.

32 (c) \$5,850,000 of the general fund—state appropriation for fiscal
33 year 2014, \$5,850,000 of the general fund—state appropriation for
34 fiscal year 2015, and \$1,300,000 of the general fund—federal
35 appropriation are provided solely for the western Washington regional
36 support networks to provide either community- or hospital campus-
37 based services for persons who require the level of care previously
38 provided by the program for adaptive living skills (PALS) at western
39 state hospital.

1 (d) The number of nonforensic beds allocated for use by regional
2 support networks at eastern state hospital shall be 192 per day. The
3 number of nonforensic beds allocated for use by regional support
4 networks at western state hospital shall be 557 per day.

5 (e) From the general fund—state appropriations in this
6 subsection, the secretary of social and health services shall assure
7 that regional support networks reimburse the aging and disability
8 services administration for the general fund—state cost of medicaid
9 personal care services that enrolled regional support network
10 consumers use because of their psychiatric disability.

11 (f) The department is authorized to continue to contract
12 directly, rather than through contracts with regional support
13 networks, for children's long-term inpatient facility services.

14 (g) \$750,000 of the general fund—state appropriation for fiscal
15 year 2014 and \$750,000 of the general fund—state appropriation for
16 fiscal year 2015 are provided solely to continue performance-based
17 incentive contracts to provide appropriate community support services
18 for individuals with severe mental illness who were discharged from
19 the state hospitals as part of the expanding community services
20 initiative. These funds will be used to enhance community residential
21 and support services provided by regional support networks through
22 other state and federal funding.

23 (h) \$1,125,000 of the general fund—state appropriation for fiscal
24 year 2014 and \$1,125,000 of the general fund—state appropriation for
25 fiscal year 2015 are provided solely for the Spokane regional support
26 network to implement services to reduce utilization and the census at
27 eastern state hospital. Such services shall include:

28 (i) High intensity treatment team for persons who are high
29 utilizers of psychiatric inpatient services, including those with co-
30 occurring disorders and other special needs;

31 (ii) Crisis outreach and diversion services to stabilize in the
32 community individuals in crisis who are at risk of requiring
33 inpatient care or jail services;

34 (iii) Mental health services provided in nursing facilities to
35 individuals with dementia, and consultation to facility staff
36 treating those individuals; and

37 (iv) Services at the sixteen-bed evaluation and treatment
38 facility.

1 At least annually, the Spokane regional support network shall
2 assess the effectiveness of these services in reducing utilization at
3 eastern state hospital, identify services that are not optimally
4 effective, and modify those services to improve their effectiveness.

5 (i) \$1,529,000 of the general fund—state appropriation for fiscal
6 year 2014 and \$1,529,000 of the general fund—state appropriation for
7 fiscal year 2015 are provided solely to reimburse Pierce and Spokane
8 counties for the cost of conducting 180-day commitment hearings at
9 the state psychiatric hospitals.

10 (j) Regional support networks may use local funds to earn
11 additional federal medicaid match, provided the locally matched rate
12 does not exceed the upper-bound of their federally allowable rate
13 range, and provided that the enhanced funding is used only to provide
14 medicaid state plan or waiver services to medicaid clients.
15 Additionally, regional support networks may use a portion of the
16 state funds allocated in accordance with (a) of this subsection to
17 earn additional medicaid match, but only to the extent that the
18 application of such funds to medicaid services does not diminish the
19 level of crisis and commitment, community inpatient, residential
20 care, and outpatient services presently available to persons not
21 eligible for medicaid.

22 (k) \$3,436,000 of the general fund—state appropriation for fiscal
23 year 2014 and \$2,291,000 of the general fund—state appropriation for
24 fiscal year 2015 are provided solely for mental health services for
25 mentally ill offenders while confined in a county or city jail and
26 for facilitating access to programs that offer mental health services
27 upon release from confinement.

28 (l) \$523,000 of the general fund—state appropriation for fiscal
29 year 2014, \$775,000 of the general fund—state appropriation for
30 fiscal year 2015, and \$854,000 of the general fund—federal
31 appropriation are provided solely for implementation of sections 3
32 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support
33 networks must use this funding for the development of intensive
34 community programs that allow individuals to be diverted or
35 transitioned from the state hospitals in accordance with plans
36 approved by the department.

37 (m) \$5,986,000 of the general fund—state appropriation for fiscal
38 year 2014, \$11,592,000 of the general fund—state appropriation for
39 fiscal year 2015, and \$10,160,000 of the general fund—federal

1 appropriation are provided solely for implementation of chapter 335,
2 Laws of 2013 (ESSB 5480). Regional support networks must use this
3 funding for the development of intensive community programs that
4 allow individuals to be diverted or transitioned from the state
5 hospitals in accordance with plans approved by the department.

6 (n) Due to recent approval of federal medicaid matching funds for
7 the disability lifeline and the alcohol and drug abuse treatment
8 support act programs, the department shall charge regional support
9 networks for only the state share rather than the total cost of
10 community psychiatric hospitalization for persons enrolled in those
11 programs.

12 (o) The legislature finds that the circumstances of the Chelan-
13 Douglas regional support network (CD-RSN) make it necessary for CD-
14 RSN to undergo restructuring in order to provide mental health
15 services essential to the health and wellness of the citizens within
16 its service area. The legislature intends to provide additional
17 temporary financial relief to the CD-RSN while it undergoes internal
18 restructuring or negotiates a merger with another regional support
19 network.

20 The department shall negotiate relief for outstanding fiscal year
21 2013 reimbursements owed by CD-RSN to the state provided that the CD-
22 RSN has a plan in place that is approved by the department by August
23 1, 2013, that demonstrates how CD-RSN will maintain financial
24 viability and stability or will merge with another regional support
25 network.

26 For the period of July 1, 2013, through December 31, 2013, the
27 department may alter collection of reimbursement from CD-RSN for
28 overuse of state hospital beds. To receive a reduction to the
29 required reimbursement for overuse of state hospital beds, CD-RSN
30 must continue to prioritize services that reduce its utilization and
31 census at eastern state hospital and be actively implementing an
32 approved plan to maintain financial viability or pursuing a future
33 merger with another regional support network. Up to \$298,000 of the
34 general fund—state appropriation for fiscal year 2014 is for the
35 department to provide payments to regional support networks in
36 eastern Washington which have used less than their allocated or
37 contracted patient days of care at the state hospital to replace the
38 share of the reimbursements from CD-RSN that the regional support
39 networks would have received under RCW 71.24.320.

(p) \$266,000 of the general fund—state appropriation for fiscal year 2014 and \$1,500,000 of the general fund—state appropriation for fiscal year 2015 are provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

(q) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(r) \$7,281,000 of the general fund—state appropriation for fiscal year 2015 and \$4,589,000 of the general fund—federal appropriation are provided solely for enhancement of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to:

- (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King regional support network, the Spokane regional support network outside of Spokane county, and the Thurston Mason regional support network;
- (ii) one new full program of an assertive community treatment team in the King regional support network and two new half programs of assertive community treatment teams in the Spokane regional support network and the Pierce regional support network; and
- (iii) three new recovery support services programs in the Grays Harbor regional support network, the greater Columbia regional support network, and the north sound regional support network. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. 36 limitations in this subsection. If the federal medical assistance
37 percentage for the medicaid expansion falls below the percentages in
38 section 1905(y) of the social security act as of July 1, 2013, the

1 authority shall ensure that the state does not incur any additional
2 state costs above what would have been incurred had the federal
3 medical assistance percentages remained at the percentages in section
4 1905(y) as of July 1, 2013. The director is authorized to make any
5 necessary program adjustments to comply with this requirement,
6 including adding or adjusting premiums, modifying benefits, or
7 reducing optional programs. To the extent a waiver is needed to
8 accomplish this, the director shall promptly apply for such waiver.
9 If a necessary waiver is not approved, the medicaid expansion program
10 shall be terminated upon appropriate notification to the legislature
11 and enrollees.

12 (2) The requirements of this subsection apply to the basic health
13 plan. This subsection is null and void and has no further effect upon
14 implementation of the medicaid expansion under subsection (1) of this
15 section.

16 (a) Within amounts appropriated in this section and sections 205
17 and 206 of this act, the health care authority shall continue to
18 provide an enhanced basic health plan subsidy for foster parents
19 licensed under chapter 74.15 RCW and workers in state-funded home
20 care programs. Under this enhanced subsidy option, foster parents
21 eligible to participate in the basic health plan as subsidized
22 enrollees and home care workers with family incomes below 200 percent
23 of the federal poverty level shall be allowed to enroll in the basic
24 health plan at the minimum premium amount charged to enrollees with
25 incomes below sixty-five percent of the federal poverty level.

26 (b) The health care authority shall require organizations and
27 individuals that are paid to deliver basic health plan services and
28 that choose to sponsor enrollment in the subsidized basic health plan
29 to pay 133 percent of the premium amount which would otherwise be due
30 from the sponsored enrollees.

31 (c) The administrator shall take at least the following actions
32 to assure that persons participating in the basic health plan are
33 eligible for the level of assistance they receive: (a) Require
34 submission of (i) income tax returns, and recent pay history, from
35 all applicants, or (ii) other verifiable evidence of earned and
36 unearned income from those persons not required to file income tax
37 returns; (b) check employment security payroll records at least once
38 every twelve months on all enrollees; (c) require enrollees whose
39 income as indicated by payroll records exceeds that upon which their
40 subsidy is based to document their current income as a condition of

1 continued eligibility; (d) require enrollees for whom employment
2 security payroll records cannot be obtained to document their current
3 income at least once every six months; (e) not reduce gross family
4 income for self-employed persons by noncash-flow expenses such as,
5 but not limited to, depreciation, amortization, and home office
6 deductions, as defined by the United States internal revenue service;
7 and (f) pursue repayment and civil penalties from persons who have
8 received excessive subsidies, as provided in RCW 70.47.060(9).

9 (d) Enrollment in the subsidized basic health plan shall be
10 limited to only include persons who qualify as subsidized enrollees
11 as defined in RCW 70.47.020 and who (a) qualify for services under
12 1115 medicaid demonstration project number 11-W-00254/10; or (b) are
13 foster parents licensed under chapter 74.15 RCW.

14 (3) The legislature finds that medicaid payment rates, as
15 calculated by the health care authority pursuant to the
16 appropriations in this act, bear a reasonable relationship to the
17 costs incurred by efficiently and economically operated facilities
18 for providing quality services and will be sufficient to enlist
19 enough providers so that care and services are available to the
20 extent that such care and services are available to the general
21 population in the geographic area. The legislature finds that the
22 cost reports, payment data from the federal government, historical
23 utilization, economic data, and clinical input constitute reliable
24 data upon which to determine the payment rates.

25 (4) Based on quarterly expenditure reports and caseload
26 forecasts, if the health care authority estimates that expenditures
27 for the medical assistance program will exceed the appropriations,
28 the health care authority shall take steps including but not limited
29 to reduction of rates or elimination of optional services to reduce
30 expenditures so that total program costs do not exceed the annual
31 appropriation authority.

32 (5) In determining financial eligibility for medicaid-funded
33 services, the health care authority is authorized to disregard
34 recoveries by Holocaust survivors of insurance proceeds or other
35 assets, as defined in RCW 48.104.030.

36 (6) The legislature affirms that it is in the state's interest
37 for Harborview medical center to remain an economically viable
38 component of the state's health care system.

39 (7) When a person is ineligible for medicaid solely by reason of
40 residence in an institution for mental diseases, the health care

1 authority shall provide the person with the same benefits as he or
2 she would receive if eligible for medicaid, using state-only funds to
3 the extent necessary.

4 (8) \$4,261,000 of the general fund—state appropriation for fiscal
5 year 2014, \$4,261,000 of the general fund—state appropriation for
6 fiscal year 2015, and \$8,522,000 of the general fund—federal
7 appropriation are provided solely for low-income disproportionate
8 share hospital payments.

9 (9) \$400,000 of the general fund—state appropriation for fiscal
10 year 2014, \$200,000 of the general fund—state appropriation for
11 fiscal year 2015, and \$600,000 of the general fund—federal
12 appropriation are provided solely for disproportionate share hospital
13 payments to rural hospitals certified by the centers for medicare and
14 medicaid services as sole community hospitals as of January 1, 2013,
15 with less than one hundred fifty acute care licensed beds in fiscal
16 year 2011 that do not participate in the certified public
17 expenditures program. The authority shall discontinue these payments
18 on January 1, 2015.

19 (10) \$100,000 of the general fund—state appropriation for fiscal
20 year 2014 and \$50,000 of the general fund—state appropriation for
21 fiscal year 2015 are provided solely for grants to rural hospitals in
22 Clallam county that were certified by the centers for medicare and
23 medicaid services as sole community hospitals as of January 1, 2013,
24 with less than one hundred fifty acute care licensed beds in fiscal
25 year 2011. The authority shall discontinue these payments on January
26 1, 2015.

27 (11) \$100,000 of the general fund—state appropriation for fiscal
28 year 2015 and \$100,000 of the general fund—federal appropriation are
29 provided solely for disproportionate share hospital payments
30 beginning on January 1, 2015, to rural hospitals in Lewis county that
31 were certified by the centers for medicare and medicaid services as
32 sole community hospitals as of January 1, 2013, with less than one
33 hundred fifty acute care licensed beds in fiscal year 2011. The
34 authority shall discontinue these payments after June 30, 2015.

35 (12) \$150,000 of the general fund—state appropriation for fiscal
36 year 2015 is provided solely for grants to rural public hospitals in
37 Grant county that were certified by the centers for medicare and
38 medicaid services as sole community hospitals as of January 1, 2013,
39 with less than one hundred fifty acute care licensed beds in fiscal

1 year 2011. The authority shall discontinue these payments after June
2 30, 2015.

3 (13) Within the amounts appropriated in this section, the health
4 care authority shall provide disproportionate share hospital payments
5 to hospitals that provide services to children in the children's
6 health program who are not eligible for services under Title XIX or
7 XXI of the federal social security act due to their citizenship
8 status.

9 (14) \$6,000,000 of the general fund—federal appropriation is
10 provided solely for supplemental payments to nursing homes operated
11 by public hospital districts. The public hospital district shall be
12 responsible for providing the required nonfederal match for the
13 supplemental payment, and the payments shall not exceed the maximum
14 allowable under federal rules. It is the legislature's intent that
15 the payments shall be supplemental to and shall not in any way offset
16 or reduce the payments calculated and provided in accordance with
17 part E of chapter 74.46 RCW. It is the legislature's further intent
18 that costs otherwise allowable for rate-setting and settlement
19 against payments under chapter 74.46 RCW shall not be disallowed
20 solely because such costs have been paid by revenues retained by the
21 nursing home from these supplemental payments. The supplemental
22 payments are subject to retrospective interim and final cost
23 settlements based on the nursing homes' as-filed and final medicare
24 cost reports. The timing of the interim and final cost settlements
25 shall be at the health care authority's discretion. During either the
26 interim cost settlement or the final cost settlement, the health care
27 authority shall recoup from the public hospital districts the
28 supplemental payments that exceed the medicaid cost limit and/or the
29 medicare upper payment limit. The health care authority shall apply
30 federal rules for identifying the eligible incurred medicaid costs
31 and the medicare upper payment limit.

32 (15) The health care authority shall continue the inpatient
33 hospital certified public expenditures program for the 2013-2015
34 fiscal biennium. The program shall apply to all public hospitals,
35 including those owned or operated by the state, except those
36 classified as critical access hospitals or state psychiatric
37 institutions. The health care authority shall submit reports to the
38 governor and legislature by November 1, 2013, and by November 1,
39 2014, that evaluate whether savings continue to exceed costs for this
40 program. If the certified public expenditures (CPE) program in its

1 current form is no longer cost-effective to maintain, the health care
2 authority shall submit a report to the governor and legislature
3 detailing cost-effective alternative uses of local, state, and
4 federal resources as a replacement for this program. During fiscal
5 year 2014 and fiscal year 2015, hospitals in the program shall be
6 paid and shall retain one hundred percent of the federal portion of
7 the allowable hospital cost for each medicaid inpatient fee-for-
8 service claim payable by medical assistance and one hundred percent
9 of the federal portion of the maximum disproportionate share hospital
10 payment allowable under federal regulations. Inpatient medicaid
11 payments shall be established using an allowable methodology that
12 approximates the cost of claims submitted by the hospitals. Payments
13 made to each hospital in the program in each fiscal year of the
14 biennium shall be compared to a baseline amount. The baseline amount
15 will be determined by the total of (a) the inpatient claim payment
16 amounts that would have been paid during the fiscal year had the
17 hospital not been in the CPE program based on the reimbursement rates
18 developed, implemented, and consistent with policies approved in the
19 2013-2015 biennial operating appropriations act and in effect on July
20 1, 2013, (b) one-half of the indigent assistance disproportionate
21 share hospital payment amounts paid to and retained by each hospital
22 during fiscal year 2005, and (c) all of the other disproportionate
23 share hospital payment amounts paid to and retained by each hospital
24 during fiscal year 2005 to the extent the same disproportionate share
25 hospital programs exist in the 2013-2015 fiscal biennium. If payments
26 during the fiscal year exceed the hospital's baseline amount, no
27 additional payments will be made to the hospital except the federal
28 portion of allowable disproportionate share hospital payments for
29 which the hospital can certify allowable match. If payments during
30 the fiscal year are less than the baseline amount, the hospital will
31 be paid a state grant equal to the difference between payments during
32 the fiscal year and the applicable baseline amount. Payment of the
33 state grant shall be made in the applicable fiscal year and
34 distributed in monthly payments. The grants will be recalculated and
35 redistributed as the baseline is updated during the fiscal year. The
36 grant payments are subject to an interim settlement within eleven
37 months after the end of the fiscal year. A final settlement shall be
38 performed. To the extent that either settlement determines that a
39 hospital has received funds in excess of what it would have received
40 as described in this subsection, the hospital must repay the excess

1 amounts to the state when requested. \$11,928,000 of the general fund—
2 state appropriation for fiscal year 2014 and (~~(\$14,821,000)~~)
3 \$21,666,000 of the general fund—state appropriation for fiscal year
4 2015 are provided solely for state grants for the participating
5 hospitals.

6 (16) The health care authority shall seek public-private
7 partnerships and federal funds that are or may become available to
8 provide on-going support for outreach and education efforts under the
9 federal children's health insurance program reauthorization act of
10 2009.

11 (17) The health care authority shall target funding for maternity
12 support services towards pregnant women with factors that lead to
13 higher rates of poor birth outcomes, including hypertension, a
14 preterm or low birth weight birth in the most recent previous birth,
15 a cognitive deficit or developmental disability, substance abuse,
16 severe mental illness, unhealthy weight or failure to gain weight,
17 tobacco use, or African American or Native American race. The health
18 care authority shall prioritize evidence-based practices for delivery
19 of maternity support services. To the extent practicable, the health
20 care authority shall develop a mechanism to increase federal funding
21 for maternity support services by leveraging local public funding for
22 those services.

23 (18) \$170,000 of the general fund—state appropriation for fiscal
24 year 2014, \$121,000 of the general fund—state appropriation for
25 fiscal year 2015, and \$292,000 of the general fund—federal
26 appropriation are provided solely to implement Engrossed Substitute
27 House Bill No. 1519 (service coordination organizations) and Second
28 Substitute Senate Bill No. 5732 (behavioral health services). If
29 neither of the bills is enacted by June 30, 2013, the amounts
30 provided in this subsection shall lapse.

31 (19) \$57,000 of the general fund—state appropriation for fiscal
32 year 2014, \$40,000 of the general fund—state appropriation for fiscal
33 year 2015, and \$55,000 of the general fund—federal appropriation are
34 provided solely to develop a report on state efforts to prevent and
35 control diabetes. The authority, the department of social and health
36 services, and the department of health shall submit a coordinated
37 report to the governor and the appropriate committees of the
38 legislature by December 31, 2014, on the following:

3 administered by each agency and individuals, including children with
4 mothers with undiagnosed gestational diabetes, enrolled in those
5 programs. Items in this assessment must include: (i) The number of
6 lives with diabetes and undiagnosed gestational diabetes impacted or
7 covered by the programs administered by each agency; (ii) the number
8 of lives with diabetes, or at risk for diabetes, and family members
9 impacted by prevention and diabetes control programs implemented by
10 each agency; (iii) the financial toll or impact diabetes and its
11 complications, and undiagnosed gestational diabetes and the
12 complications experienced during labor to children of mothers with
13 gestational diabetes places on these programs in comparison to other
14 chronic diseases and conditions; and (iv) the financial toll or
15 impact diabetes and its complications, and diagnosed gestational
16 diabetes and the complications experienced during labor to children
17 of mothers with gestational diabetes places on these programs;

22 programs and activities aimed at reaching those with diabetes of all

33 impact of diabetes, prediabetes, related diabetes complications, and
34 undiagnosed gestational diabetes. The plans and budget
35 recommendations must also identify expected outcomes of the action
36 steps proposed in the following biennium while also establishing
37 benchmarks for controlling and preventing all types of diabetes; and

39 savings and resources required to implement the plans and budget
40 recommendations identified in (d) of this subsection (17).

5 authority. The authority shall report to the governor and the
6 legislature in December 2014 on the progress of strategy
7 implementation. The authority shall report to the governor and
8 legislature in December 2015 on patient outcomes and cost savings
9 derived from new adherence strategies in the health home model and
10 make recommendations for improving the strategies.

12 incorporate accountability measures that monitor patient health and
13 improved health outcomes, and shall include an expectation that each
14 patient receive a wellness examination that documents the baseline
15 health status and allows for monitoring of health improvements and
16 outcome measures.

24 with the goals of integrating nursing and outreach services and
25 supporting one nurse for every four hundred fifty students in
26 elementary schools and one nurse for every seven hundred fifty
27 students in secondary schools. In developing these recommendations,
28 the authority shall inquire with the federal centers for medicare and
29 medicaid services about state plan amendment or waiver options for
30 receiving additional federal matching funds for school nursing
31 services provided to children enrolled in apple health for kids. The
32 recommendations shall include proposals for funding training and
33 reimbursement for nurses that provide outreach services to help
34 eligible students enroll in apple health for kids and other social
35 services programs. The authority and the office of the superintendent
36 of public instruction shall provide these recommendations to the
37 governor and the legislature by December 1, 2013.

(29) The authority shall seek a medicaid state plan amendment to create a professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. The authority shall apply federal rules for identifying the difference between average commercial rates and fee-for-service medicaid payments. 2 capitation rate. Participating providers shall be solely responsible
3 for providing the local funds required to obtain federal matching
4 funds. Any incremental costs incurred by the authority in the
5 development, implementation, and maintenance of this program shall be
6 the responsibility of the participating providers. Participating

20 authority shall coordinate with the department of social and health
21 services to provide referrals to the Washington health benefit
22 exchange for clients that will be ineligible for the medicaid
23 expansion but are enrolled in coverage that will be eliminated in the
24 transition to the medicaid expansion.

36 and federal children's health insurance program shall be equal.

30 authority may seek, receive, and spend, under RCW 43.79.260 through
31 43.79.282, federal moneys not anticipated in this act as long as the
32 federal funding does not require expenditure of state moneys for the
33 program in excess of amounts anticipated in this act. If the health
34 care authority receives unanticipated unrestricted federal moneys,
35 those moneys shall be spent for services authorized in this act or in
36 any other legislation providing appropriation authority, and an equal
37 amount of appropriated state general fund moneys shall lapse. Upon
38 the lapsing of any moneys under this subsection, the office of
39 financial management shall notify the legislative fiscal committees.

1 As used in this subsection, "unrestricted federal moneys" includes
2 block grants and other funds that federal law does not require to be
3 spent on specifically defined projects or matched on a formula basis
4 by state funds.

5 (40) Within the amounts appropriated in this section, the
6 authority shall reimburse for primary care services provided by
7 naturopathic physicians.

8 (41) Within amounts appropriated, the health care authority shall
9 conduct a review of its management and staffing structure to identify
10 efficiencies and opportunities to reduce full time equivalent
11 employees and other administrative costs. A report summarizing the
12 review and the authority's recommendations to reduce costs and full
13 time equivalent employees must be submitted to the governor and
14 legislature by November 1, 2013.

22 contributions to the treasurer for deposit into the health benefit
23 exchange account in calendar year 2014. The receipt and use of
24 medicaid funds provided to the health benefit exchange from the
25 health care authority are subject to compliance with state and
26 federal regulations and policies governing the Washington apple
27 health programs, including timely and proper application,
28 eligibility, and enrollment procedures. Within the amounts provided
29 in this subsection, \$321,000 of the health benefit exchange account—
30 state appropriation and \$688,000 of the general fund—federal
31 appropriation are provided solely for print services and postage for
32 modified adjusted gross income medicaid eligibility correspondence
33 sent from the health benefit exchange.

34 (43) Within the amounts appropriated in this section, the
35 authority shall continue to provide coverage after December 31, 2013,
36 for pregnant teens that qualify under existing pregnancy medical
37 programs, but whose eligibility for pregnancy related services would
38 otherwise end due to the application of the new modified adjusted
39 gross income eligibility standard.

1 (44) Sufficient amounts are appropriated in this section to
2 restore medicaid coverage under the breast and cervical cancer
3 treatment program.

4 (45) \$40,000 of the general fund—state appropriation for fiscal
5 year 2014 and \$40,000 of the general fund—federal appropriation are
6 provided solely for the authority to create a new position to provide
7 adequate oversight and assistance to managed care organizations,
8 rural health clinics, and federally qualified health centers under a
9 new administratively streamlined payment methodology. Effective July
10 1, 2013, or upon obtaining any necessary federal approval, but in no
11 case during the first quarter of a calendar year, the authority shall
12 implement an administratively streamlined payment methodology for
13 federally qualified health centers and rural health clinics. The
14 authority's payments to managed care organizations shall include the
15 full encounter payment comprised of both the standard and enhancement
16 payments for federally qualified health centers and rural health
17 clinics as defined in the medicaid state plan and in accordance with
18 section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At
19 no time will a managed care organization be at risk for or have any
20 claim to the supplemental payment portion of the rate which will be
21 reconciled to ensure accurate payment and full pass through of the
22 obligated funds. For any services eligible for encounter payments, as
23 defined in the medicaid state plan, managed care organizations shall
24 be required to pay at least the full published encounter rates
25 directly to each clinic or center, and payments will be reconciled on
26 at least an annual basis between the managed care organization and
27 the authority, with final review and approval by the authority. At
28 the option of any clinic, the enhancement payment can be received
29 from the managed care organization on a per member per month basis
30 for all assigned managed care enrollees in an amount prescribed by
31 the authority. Nothing in this section is intended to disrupt
32 mutually agreeable contractual arrangements between managed care
33 organizations and clinics that impact how the standard payment for
34 services is paid. The authority will require participating managed
35 care organizations to reimburse federally qualified health centers
36 and rural health clinics for clean claims in strict adherence to the
37 timeliness of payment standards established under contract and
38 specified for the medicaid fee-for-service program in section
39 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42
40 C.F.R. Sec. 447.46, and specified for health carriers in WAC

1 284-43-321. The authority shall exercise all necessary options under
2 its existing sanctions policy to enforce timely payment of claims.
3 The authority shall ensure necessary staff and resources are
4 identified to actively monitor and enforce the timeliness and
5 accuracy of payments to federally qualified health centers and rural
6 health clinics. By January 1, 2014, and after collaboration with
7 federally qualified health centers, rural health clinics, managed
8 care plans, and the centers for medicare and medicaid services, the
9 authority will produce a report that provides options for a new
10 payment methodology that rewards innovation and outcomes over volume
11 of services delivered, and which maintains the integrity of the rural
12 health clinic and federally qualified health center programs as
13 outlined under federal law. The report will detail necessary federal
14 authority for implementation and provide the benefits and drawbacks
15 of each option.

16 (46) \$3,605,000 of the general fund—state appropriation for
17 fiscal year 2014 is provided solely to proportionally reduce the
18 amounts that rural health clinics owe the state under the calendar
19 year 2009 recoupment.

20 (47) Sufficient amounts are appropriated in this section to
21 remove the mental health visit limit and to provide the shingles
22 vaccine and screening, brief intervention, and referral to treatment
23 benefits that are available in the medicaid alternative benefit plan
24 in the current medicaid benefit plan beginning January 1, 2014.

25 (48) The appropriations in this section reflect savings and
26 efficiencies achieved by modifying dispensing methods of
27 contraceptive drugs. The authority must make arrangements for all
28 medicaid programs offered through managed care plans or fee-for-
29 service programs to require dispensing of contraceptive drugs with a
30 one-year supply provided at one time unless a patient requests a
31 smaller supply or the prescribing physician instructs that the
32 patient must receive a smaller supply. Contracts with managed care
33 plans must allow on-site dispensing of the prescribed contraceptive
34 drugs at family planning clinics. Dispensing practices must follow
35 clinical guidelines for appropriate prescribing and dispensing to
36 ensure the health of the patient while maximizing access to effective
37 contraceptive drugs.

38 (49)(a) \$75,000 of the general fund—state appropriation for
39 fiscal year 2014 and \$75,000 of the general fund—federal

1 appropriation are provided solely for preparing options with an
2 expert consultant for possible implementation of a targeted premium
3 assistance program and possible implementation of the federal basic
4 health option. \$75,000 of the amounts appropriated in this subsection
5 is provided solely for the development of options related to the
6 targeted premium assistance program. The authority shall develop
7 options for a waiver request to the federal centers for medicare and
8 medicaid services to implement a targeted premium assistance program
9 for the expansion adults, identified in section
10 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes
11 above one hundred percent of the federal poverty level, and for
12 children covered in the children's health insurance program with
13 incomes above two hundred percent of the federal poverty level, with
14 a goal of providing seamless coverage through the health benefit
15 exchange and improving opportunities for families to be covered in
16 the same health plans. The options must include the possibility of
17 applying premiums for individuals and cost-sharing that may exceed
18 the five percent of family income cap under federal law, and the
19 options must include recommendations to make the targeted premium
20 assistance program cost neutral. The authority shall submit a report
21 on the options to the legislature and the governor by January 1,
22 2014. The authority is encouraged to be creative, use subject matter
23 experts, and exhaust all possible options to achieve cost neutrality.
24 The report shall also include a detailed plan and timeline. \$75,000
25 of the amounts appropriated in this subsection is provided solely for
26 the development of options related to the federal basic health
27 option. The authority shall prepare options for implementing the
28 federal basic health option as federal guidance becomes available.
29 The authority shall submit a report on the options to the legislature
30 and the governor by January 1, 2014, or ninety days following the
31 release of federal guidance. The report must include a comparison of
32 the premiums and cost-sharing under the federal basic health option
33 with the premium assistance options described in this subsection,
34 options for implementing the federal basic health option in
35 combination with a premium assistance program, a detailed fiscal
36 analysis for each coverage approach, including the estimated costs
37 for system design and implementation, and information about impacted
38 populations.

39 (b) Where possible, the authority shall leverage the same expert
40 consultants to review each proposal and compare and contrast the

1 approaches to ensure seamless coordination with the health benefit
2 exchange.

3 (c) The authority shall collaborate with the joint select
4 committee on health care oversight in the development of these
5 options.

6 (50) \$171,000 of the general fund—state appropriation for fiscal
7 year 2015 and \$145,000 of the general fund—federal appropriation are
8 provided solely to implement Second Substitute Senate Bill No. 6312
9 (mental health, chemical dependency) and Engrossed Second Substitute
10 House Bill No. 2315 (suicide prevention). If Second Substitute Senate
11 Bill No. 6312 (mental health, chemical dependency) is not enacted by
12 June 30, 2014, the amounts provided in this subsection shall lapse.

13 (51) \$604,000 of the general fund—state appropriation for fiscal
14 year 2014, \$597,000 of the general fund—state appropriation for
15 fiscal year 2015, and \$18,320,000 of the general fund—federal
16 appropriation are provided solely to implement Engrossed Second
17 Substitute House Bill No. 2572 (health care purchasing, delivery). If
18 the bill is not enacted by June 30, 2014, the amounts provided in
19 this subsection shall lapse.

20 (52) \$306,000 of the general fund—state appropriation for fiscal
21 year 2015 and \$306,000 of the general fund—federal appropriation are
22 provided solely to implement Substitute House Bill No. 2310 (provider
23 safety equipment). If the bill is not enacted by June 30, 2014, the
24 amounts provided in this subsection shall lapse.

25 (53) \$390,000 of the general fund—state appropriation for fiscal
26 year 2015 and \$3,510,000 of the general fund—federal appropriation
27 are provided solely for medicaid clients to select the medicaid
28 managed care organization of their choice within the Washington
29 healthplanfinder online marketplace.

30 (54) \$561,000 of the general fund—state appropriation for fiscal
31 year 2015, \$2,000 of the general fund—local appropriation, and
32 \$693,000 of the general fund—federal appropriation are provided
33 solely for the authority to add autism screenings for children age
34 eighteen months beginning July 1, 2014.

35 (55) By December 1, 2014, the authority shall report to the
36 legislative fiscal committees with options for reducing payments to
37 hospital owned physician practices or clinics that are higher than
38 the maximum resource based relative value scale fee rates received by
39 nonhospital owned physician practices or clinics for the same

procedures. The authority shall include options for exempting certain hospital owned clinics from the reductions and the fiscal impacts of those options. The authority shall not enter into or renew any contracts under RCW 74.60.160 that would restrict the authority's ability to implement any of these options in the 2015-2017 fiscal biennium.

(56) The appropriations to the authority in this act shall be expended for the purposes and in the amounts specified in this act. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecasts and utilization assumptions, the authority, after May 1, ~~((2014))~~ 2015, may transfer general fund—state appropriations for fiscal year ~~((2014))~~ 2015 that are provided solely for a specified purpose. The authority shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(57) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

11 The appropriations in this section are subject to the following

13 (1)(a) The department of health shall not initiate any services
14 that will require expenditure of state general fund moneys unless
15 expressly authorized in this act or other law. The department of
16 health and the state board of health shall not implement any new or
17 amended rules pertaining to primary and secondary school facilities
18 until the rules and a final cost estimate have been presented to the
19 legislature, and the legislature has formally funded implementation

21 The department may seek, receive, and spend, under RCW 43.79.260
22 through 43.79.282, federal moneys not anticipated in this act as long
23 as the federal funding does not require expenditure of state moneys
24 for the program in excess of amounts anticipated in this act. If the
25 department receives unanticipated unrestricted federal moneys, those
26 moneys shall be spent for services authorized in this act or in any
27 other legislation that provides appropriation authority, and an equal
28 amount of appropriated state moneys shall lapse. Upon the lapsing of
29 any moneys under this subsection, the office of financial management
30 shall notify the legislative fiscal committees. As used in this
31 subsection, "unrestricted federal moneys" includes block grants and
32 other funds that federal law does not require to be spent on
33 specifically defined projects or matched on a formula basis by state
34 funds.

35 (b) The joint administrative rules review committee shall review
36 the new or amended rules pertaining to primary and secondary school
37 facilities under (a) of this subsection. The review committee shall

2 provisions of law, or (iii) that the agency is using a policy or
3 interpretive statement in place of a rule. The rules review committee
4 shall report to the appropriate policy and fiscal committees of the
5 legislature the results of committee's review and any recommendations
6 that the committee deems advisable.

7 (2) In accordance with RCW 43.70.250 and 43.135.055, the
8 department is authorized to establish and raise fees in fiscal year
9 2014 as necessary to meet the actual costs of conducting business and
10 the appropriation levels in this section. This authorization applies
11 to fees required for newborn screening, and fees associated with the
12 following professions: Agency affiliated counselors; certified
13 counselors; and certified advisors.

38 sentencing grid, and authorizing the department to rent local jail
39 beds. These steps will also assist the department's implementation of

18 to the extent that it is at no net cost to the department. The
19 department shall calculate and report the average cost per offender
20 per day, inclusive of all services, on an annual basis for a facility
21 that is representative of average medium or lower offender costs. The
22 duration of the contracts may be for up to four years. The department
23 shall not pay a rate greater than \$65 per day per offender for all
24 costs associated with the offender while in the local correctional
25 facility to include programming and health care costs, or the
26 equivalent of \$65 per day per bed including programming and health
27 care costs for full units. The capacity provided at local
28 correctional facilities must be for offenders whom the department of
29 corrections defines as medium or lower security offenders.
30 Programming provided for inmates held in local jurisdictions is
31 included in the rate, and details regarding the type and amount of
32 programming, and any conditions regarding transferring offenders will
33 be negotiated with the department as part of any contract. Local
34 jurisdictions must provide health care to offenders that meet
35 standards set by the department. The local jail will provide all
36 medical care including unexpected emergent care. The department must
37 utilize a screening process to ensure that offenders with existing
38 extraordinary medical/mental health needs are not transferred to
39 local jail facilities. If extraordinary medical conditions develop
40 for an inmate while at a jail facility the jail may transfer the

1 offender back to the department, subject to terms of the negotiated
2 agreement. Health care costs incurred prior to transfer will be the
3 responsibility of the jail. The department will report to legislative
4 fiscal committees and the office of financial management by November
5 1, 2013, to provide a status update on implementation.

6 (i) The department shall convene a work group to develop health
7 care cost containment strategies at local jail facilities. The work
8 group shall identify cost containment strategies in place at the
9 department and at local jail facilities, identify the costs and

11 and make recommendations on implementing beneficial strategies. The
12 work group shall submit a report on its findings and recommendations
13 to the fiscal committees of the legislature by October 1, 2013. The
